25 Dollars Reward.

RAN AWAY from the subscriber living in Gooch and county, on the 3rd Sept. 1803. A very likely negro man named SAM, who calls himself Samuel Commer—about 24 or 25 years old, of a yellowish complection, low but stout made; one of his upper fore teeth out, his dress chiefly of Virginia cloth with a plain durants short coat—he is very sensible, can read and write so as to be understood. The said Sam was taken up with a negro belonging to Mr. James, in Cumberland county, near Centreville, about 20 miles above Fredericksburg, and made his escape from the men. Sam had wrote passes for both of them, and as the negro that was brought home said they was aiming for George Town, from thence to Pennsylvania; he saws at the whip saw and is a very good house servant—he will endeavor to pass for a free man—he is guilty of forgery—he signed the passes, John Goodal, Henrico. I do desire all persons to endeavor to apprehend the said negro, as he may be very injurious to the country if not taken and punished for his behaviour. All reasonable expenses paid for delivering him to me at home, or the above reward for confining him in jail so that I get him again.

PATENT GUN LOCK.

The subscriber offers for sale

the right of making and using Edward West's improvement in Gun Locks, which is considered by judges of the utmost importance to every person using fire arms, and more particularly to the army and militia of the United States. There are two very great advantages resulting from this improvement, the first is, that no accident can possibly happen by a gun going off at half cock as it has in that situation no connection with the dog, consequently not with the trigger or any other external part of the lock. It cannot possibly catch at half cock as there is no notch that the dog can catch on, and the counter dog is so placed in the act of cocking, as not to be restored but by the cock first falling or being let down. The great security in this improvement ought certainly to recommend it to general use, to avoid the innumerable accidents that has and must unavoidably happen from the present plan, in guns going off at half cock, &c. Application made to Mr. Rhodes, city of Washington, will be communicated and attended to, where I shall attend at the sitting of Congress.

DANCING.

MR. NUGENT, heretofore a principa dancer at the Theatres of Philadelphia and Charleston, respectfully informs the public that he intends to teach the art of dancing in the city of Washington and George Town. He was regularly bred to that art in France, and has been assistant to Mr. Second the most eminent dancing master in the city of bath. He is recommended by Mr. Francis, ballet master of the Philadelphia Theatre and dancing master, and by Mr. Quesnet, dancing master in Philadelphia. He thinks it necessary thus to insist on his qualifications, from having seen in various parts of these states men pretend to teach dancing who, he believes, never received a lesson from a dancing master. He will commence school in George Town, on Monday the 12th inst. at Mr. Ritchie's in High street, where further particulars may be known. Commands from the city of Washington directed to him at Mr. Ritchie's George Town, will be punctually attended to.

Mr. Nugent wishes to hire a room convenient for a Dancing School, in the city of Washington.

United States of America.

Fifth circuit, Virginia district, May term, 1803.

Under a decree of the said court, We the commissioners will expose for public sale, on the premises, at 12 o'clock on Friday the 30th day of September next, *that valuable and extensive*

FARM,

CALLED Mount Salus, alias Millthrope, lying in Fairfax county, on Difficult and Wolf Trap runs, containing by deed 550 acres, and by survey 673 acres. The mansion house is on a high healthy and agreeable situation, convenient to which are springs of good water—The house is 40 by 18 feet, two rooms on a floor, with a nine feet passage and stair case, two brick chimnies, with a fire place to each room, a piazza the whole length of the front, a cellar 40 by 18 walled with stone and divided into two apartments. There are several small buildings near the mansion house and garden. There are also a valuable merchant and grist mill, saw mill, distillery, miller's house and overseer's house. The mill house is 40 by 30, two stories high, half the lower story of stone, the other part framed work, and covered with shingles. There are one pair of Burr, and one pair of Cologne stones, three bolting cloths almost new, and one screen, all now in use in manufacturing wheat and grinding grist. The still house 40 by 30, one story high, walls of stone and shingled roof, the floors planked, the upper laid for malting grain, and troughs fixed round the whole house, constructed to carry water to every vessel which may need it. Three stills and one boiler can be worked to advantage in said house. The waters of Wolf Trap, on which the mill and saw mill stand, are constant streams. The situation for country custom, or purchasing wheat is exceeded by none in the county or neighborhood, not being more than 17 miles from Alexandria and 13 from George Town, where there are excellent markets for country produce of every description; and about 14 miles from the city of Washington. The land is fertile and productive, and the soil well adapted to received improvement from the use of plaister of Paris. There are upwards of 3000 pannels of fence on the land, about 160 or 170 acres of well timbered land belonging to the tract. There have been nearly 20 acres of timothy made, lying on Wolf Trap and Difficult runs, 50 acres more may be made at a small expence. This farm enjoys many natural advantages, which are unnecessary for us to mention, it being taken for granted that any person wishing to buy such property will avail themselves of the opportunity of viewing the premises previous to the day of ale.

The terms of which are, one third of the money to be paid on the day of sale, (at which time deeds will be made to the purchaser) one third in six months, and the other third in 12 months, with the interest accruing on the two last payments from the day of sale. A deed of trust will be expected to secure the last payments.

Some informality in the decree prevented the sale agreeably to the former notice. This defect being obviated by the parties, the property will most certainly be sold as now notified.

Captain James Wiley, resididing near the land, will shew the premises, and also a plat of the survey, which is left with him for the information of those concerned. The title papers will be exhibited on the day of sale.
