"Another clean dress"

"It seems as tho' I do nothing but put clean dresses on that child."

And yet you *do* like to keep the children fresh and dainty. You want to have your friends drop in at any time and find them all sweet and clean.

Fresh dresses always ready to put right on

You will find you can have plenty of fresh dresses always on hand; you can be proud to have the neighbors see the children at any time if you will try using Lux.

Lux is the new soap product, pure essence of soap in flakes. It whips up into a foamy, frothy lather that cleans the garments without any rubbing. So soluble are the transparent flakes that every single bit of the soap rinses out of the clothes immediately, leaving not one particle to stain or weaken the fabric.

How to Wash Fine Fabrics

Whisk a handful of Lux into a thick lather in very hot water. Put in the sheer little dresses and petticoats. Stir them about for a few minutes. Then add cold water till comfortable for the hands, and dip the garments through the creamy lather again and again. *Do not rub.* Any spots may be pressed between the hands. Rinse in three waters—hot. Dry in the sun (colored things in the shade.)

Try it on the baby's woolens. Try it with *hot water.* It actually won't shrink them a bit. *Any fabric you would trust to pure water you can use Lux on—silks, laces, even chiffons.*
