TO SPORTSMEN.

For duck shooting Sonoma Marsh has not its equal in California.

All lovers of DUCK, SNIPE and GOOSE HUNTING cannot fail to be satisfied to their hearts content on this Marsh. DONAHUE LANDING on the Petaluma side, and NORFOLK on the Sonoma side, are the two rendezvous. Surrounding Norfolk, which is the present southern terminus of the SONAMA VALLEY RAILROAD, game is more plentiful than it has been for years. Owing to the previous want of facilities for transportation this splendid hunting ground has not hitherto received the attention it so richly merits, but as an excellent daily service, via the Sonoma Valley Railroad, is now permanently established, and good accommodations provided, we feel convinced of it soon becoming one of the favorite hunting grounds of the State. STEAMER SONOMA leaves Washington St. Wharf daily (Sunday excepted) at 2 P. M., returning leaves Norfolk at 7.30 A. M. STEAMER JAS. M. DONAHUE leaves Washington Street daily at 3 P. M., arrives at Donahue 5 P. M., returning leaves Donahue at 8 A. M., arrives at San Francisco 10 A. M.

☞ Do not have your carpets wet. Spaulding uses no water. The only machine in San Francisco that does not use water on carpets. Spaulding has a Patent Sweeping Machine, and gets out all the dirt. Spaulding's is decidedly the best Carpet Beating Company in the State. Business: 353 Tehama Street.

"I think it's time to be going," said young Skinner, after boring his betrothed till a late hour one night. "Yes, said she, "this is a go-as-you-please match."

Photographing on Chinaware seems to be a specialty with the new firm of Rieman & Tuttle, 26 Montgomery St., opposite the Lick House. Both gentlemen have been long identified with the leading galleries, and of late with Mr. Tabor, whose gallery they left to open their own establishment, and to judge by the specimens exhibited at their door, have an entire new way of producing Cabinet-photos, which for clearness command the attention of the passerby at once. Up stairs in their parlors they have on exhibition, among other novelties, a baby's picture photographed on a tea cup, which was ordered by Col. Holloway of San Diego, as a Christmas gift, and ought to be inspected by all connoisseurs in this beautiful art.

HACKETT & DEAN, Dentists, 136 Kearny Street, (Flurlow Block).

A gentleman finding his whiskey-punch a little too hot, blew it with his breath to cool it. "Blowing your own horn, I see," said a comrade.

NOLAN BRO. CO. 319 Battery Street.

☞ HALF an hour's quiet smoking of Vanity Fair is better for soul and body than would be double the amount of time spent in a lecture room or sporting club.

The hardest thing in the world for a young woman to do, is to look unconcerned the first time she comes out in a handsome engagement ring.

☞ LADIES, PARTICULARLY HOUSEKEEPERS, your attention is called to the fact that tableware of every description, also door plates, numbers, stair-rods, etc., can be replated and repaired so as to look good as new, at very low prices, at the SAN FRANCISCO GOLD, SILVER AND NICKEL PLATING WORKS, 653 and 655 Mission St., bet. The reason why the sale of imported cigars is on the decline is plainly given. We know the quality of the Cigar called the

"Single man, sir?" asked the lawyer as the witness took his place. "Yes, sir," was the reply. Lawyer—Wife living?" Confusion and rapid explanation.
