My dear Mr. Moftah,

I sent you a letter, more than 10 days ago, (giving you my proposals for coming to Cairo,) & shall be glad of a reply, as my plans are all suspended until I hear from you? Pray let me know if you accept my offer.

Also, will you kindly let me have a "formal acknowledge-ment" of the return of the piano; for the Customs people say that they cannot refund what is due on the Tax until they are shown this

acknowledgement. It is urgent, — as if I leave here on the 30th it does not give me much time to see to things, unless I know at once.

I do hope that you are now feeling stronger, & that we may have some more pleasant hours of work & conversation this winter. God bless you!

Yours, in Him,

Ernest Newlandsmith
