My dear Mr. Moffat,

In reference to our conversation the other day, I am willing to go straight on with the 9 weeks work in Egypt; & to put in the 3 weeks of copying in Palestine at the end of this period, instead of in the middle as at first arranged. But I think that the time arranged for the whole 12 weeks work will have to stand as it is, viz. Nov. 22 — Feb. 14th. After this latter date I expect to be occupied with other matters until the end

of the summer & onwards.
To avoid confusion it will,
I think, be well if you will
kindly confirm this new
arrangement in writing.
Much hoping that God may
bless your continual efforts,

Yours, in Him,

Ernest Newland Smith
