My dear Mr. Moffat,

Thank you very much for your kind letter, & enclosure of two pounds. I am glad that all has gone so well. My back is so bad, I have been ill all the winter, & have not the means to get anything done. If you could send me £10 by May the 10th (even by borrowing it) I will gladly accept it in full payment of the balance

yet due. It is a pity, for both of us, for this matter to drag on, & I am in urgent need of the money.

Could you not have sold a lot of the pamphlets in Cairo? They cost a lot to print, & I thought that was the idea in publishing it.

With kindest greetings,

Yours v. sincerely,

Bonar Muirhead Smith
