IRON WORKS
ON POTOMAC.

The Subscriber has for Sale or Rent, a good ſeat for a Furnace upon the North Branch of Potomac in Hampſhire county, with plenty of ore already inveſtigated at conſiderable expence and found to be good, a conſtant and ſufficient ſtream with upwards of 30 feet fall, and the wood of more than 9000 acres of well timbered land; enough of which is arrable to form a complete eſtabliſhment. Connected with this may alſo be rented the forge built by Mr. John Potts at the Great Falls of Potomac, now the property of the ſubſcriber. It is conceived that theſe two ſeats are particularly worthy of the notice of Iron Maſters of capital; as they are fully adequate to the ſupply of iron, in its various forms, to an extenſive country, having great demand for that article, both above and below the Blue Ridge. The Hampſhire property is free from every incumbrance, and the payment of a very few thouſand dollars due to the proprietor of the fee ſimple at the Great Falls (my leaſe of which is for upwards of 900 years at a low rent) for rents in arrears prior to my purchaſe, will render this property clear; and afford a complete eſtabliſhment for all the various manufactures of Iron, as well as for mills, with a convenient farm, &c. &c.

I have ſeats equally eligible (if not ſuperior) for furnace and forge, upon the river Shanandoah in this county, with ore, wood, and water, all convenient and abundant: which may be rented for a long term of years, with rich farming land attached thereto.

No place can be better adapted than this for ſtock of all kinds. The woods yield abundance of acorns, and it abounds in grounds well calculated for meadows that produce great quantities of graſs. The improvements of this place are likewiſe conſiderable. There are on it a good brick dwelling houſe, every neceſſary out houſe, a ſmall water mill, and two tenements now under rent, beſides all neceſſary fencing in good repair.
