REPORT

Of the Secretary of State on the impressment of American seamen by British vessels.

THE secretary of state, in compliance with the order of the House of Representatives of the 6th of January, directing him to lay before it "a return of the number of American seamen who have been impressed or detained by the ships of war or privateers of Great Britain, whose names have been reported to the department of state since the statement was made to the House, at the last session of Congress; mentioning the names of the persons impressed, with the names of the ships or vessels by which they were impressed, and the time of the impressment; together with any facts and circumstances in relation to the same, which may have been reported to him: stating also the whole number of American seamen impressed, from the commencement of the present war in Europe, and including in a separate column the number of passengers, if any, who may have been taken out of American vessels coming to the United States from Europe," has the honor to transmit herewith the names of *nine hundred and thirteen* persons who appear to have been impressed from American vessels, and whose names have been reported to the department of state since the last statement was made to Congress; together with a discrimination in the particulars required by the order, except as hereafter mentioned.

The aggregate number of impressments into the British service, since the commencement of the present war in Europe, is found to be *two thousand two hundred and seventy-three.*

It is not easy to distinguish, with accuracy, how many of these persons were really not citizens of the U. S. but the column of remarks, added to the list in lieu of this discrimination, will exhibit some ground for judging of the fact.

It has not been deemed necessary to make a separate column for impressed passengers, as this description of persons have been reported to be impressed but in the few cases subjoined.

It is proper to observe, that a small part only of the period since the last statement there was an agent for seamen for the leeward islands at Jamaica; the gentleman who then held the charge having resigned it, and another, who had been appointed to succeed him, having declined accepting it. The agent appointed for Antigua having been absent from that island since his appointment in May last, no returns have been received from the windward islands. From these circumstances it is very probable, that many impressments have been made in the West Indian seas, which, though of a recent date, are not included in the present report.

All which is respectfully submitted.

JAMES MADISON.

On Friday and Saturday last, the two GUN-BOATS, which have been building at Columbia, were launched. The launches were fine and free from any accident——They appear to be built of the best materials, and the workmanship to be very good.

New-York, March 17.

Capt. Swaine, who arrived here yesterday from Nantucket, informs us that on Wednesday last a gentleman passenger was landed at that place from the brig Nancy, in 49 days from Lisbon, which place she left the 22d of January, and reported that a TREATY OF PEACE was signed on the 8th of December, between the emperor of France and the emperors of Russia and Austria. The above brig proceeded to Salem, where she was bound.

In obedience to the resolution of the Common Council, meetings were held on Friday evening in the several wards. Two memorials, one to Congress and the other to the legislature of this state, were read and approved; and a respectable committee appointed in each ward to sign them in behalf of the citizens in general. These memorials pray "that measures be adopted to erect permanent defences to secure our city from depredation; and that (until such defences can be erected) a part of our ships of war be stationed in our harbor, as a security against predatory incursions." On this occasion, we are happy to learn, there was not a dissenting voice. Indeed, the object is one that cannot fail deeply to interest the feelings of every individual. It will be fortunate for our city and our country, if the same spirit of unanimity pervade the legislative bodies to which the memorials are addressed.

IRON WORKS

ON POTOMAC.

The Subscriber has for Sale

or Rent, a good seat for a Furnace upon the North Branch of Potomac in Hampshire county, with plenty of ore already investigated at considerable expence and found to be good, a constant and sufficient stream with upwards of 30 feet fall, and the wood of more than 9000 acres of well timbered land; enough of which is arrable to form a complete establishment. Connected with this may also be rented the forge built by Mr. John Potts at the Great Falls of Potomac, now the property of the subscriber. It is conceived that these two seats are particularly worthy of the notice of Iron Masters of capital; as they are fully adequate to the supply of iron, in its various forms, to an extensive country, having great demand for that article, both above and below the Blue Ridge. The Hampshire property is free from every incumbrance, and the payment of a very few thousand dollars due to the proprietor of the fee simple at the Great Falls (my lease of which is for upwards of 900 years at a low rent) for rents in arrears prior to my purchase, will render this property clear; and afford a complete establishment for all the various manufactures of Iron, as well as for mills, with a convenient farm, &c. &c.

I have seats equally eligible (if not superior) for furnace and forge, upon the river Shanandoah in this county, with ore, wood, and water, all convenient and abundant: which may be rented for a long term of years, with rich farming land attached thereto.

Twenty Dollars Reward.

WILL be given for apprehending and securing in jail a young Mulatto man slave named ANDREW. He was hired by me last year to Mr. Joseph Thomas who keeps the middle ferry to Alexandria, and absconded from that place about the latter end of August last. He is about 23 years of age, 5 feet 8 or 9 inches high, lusty and well made, has short curly hair, and is frequently subject to have several large pimples on his face. He is reckoned to be a sensible fellow of an esfy agreeable address for a man in his low sphere of life. As he has not been heard of by me since his elopement, I suspect he has had the address to ship himself as a freeman on board some vessel either at Alexandria or Baltimore. Whoever takes him up and secures him in jail shall receive from me the above reward, as soon as due information thereof is given to me or to Dr. N. P. Causin at Port Tobacco.

FOR SALE.

ALL that tract of land which I purchased from Mrs. Mary Jenkins and on which I now reside lying in St. Mary's county on the Chesapeake bay three miles from St. Inigoes creek, containing 700 acres more or less. The advantages of this land are numerous, 400 acres are in wood, abounding in oak, locust and poplar. The bay shore affords an inexhaustible source of excellent manure in the sea weed or sea oar as it is commonly called which is at all seasons thrown up in great quantities and is of easy access, lying immediately along side of the fields. No place can be better adapted than this for stock of all kinds. The woods yield abundance of acorns, and it abounds in grounds well calculated for meadows that produce great quantities of grass. The improvements of this place are likewise considerable. There are on it a good brick dwelling house, every necessary out house, a small water mill, and two tenements now under rent, besides all necessary fencing in good repair. Moreover there are many convenient springs of good water that do not fail in the driest seasons—its situation renders it almost superfluous to mention that it lies convenient to the Baltimore, Norfolk and Alexandria markets. This valuable tract of land I will sell for one 4th cash and the remainder in one two and three years.
