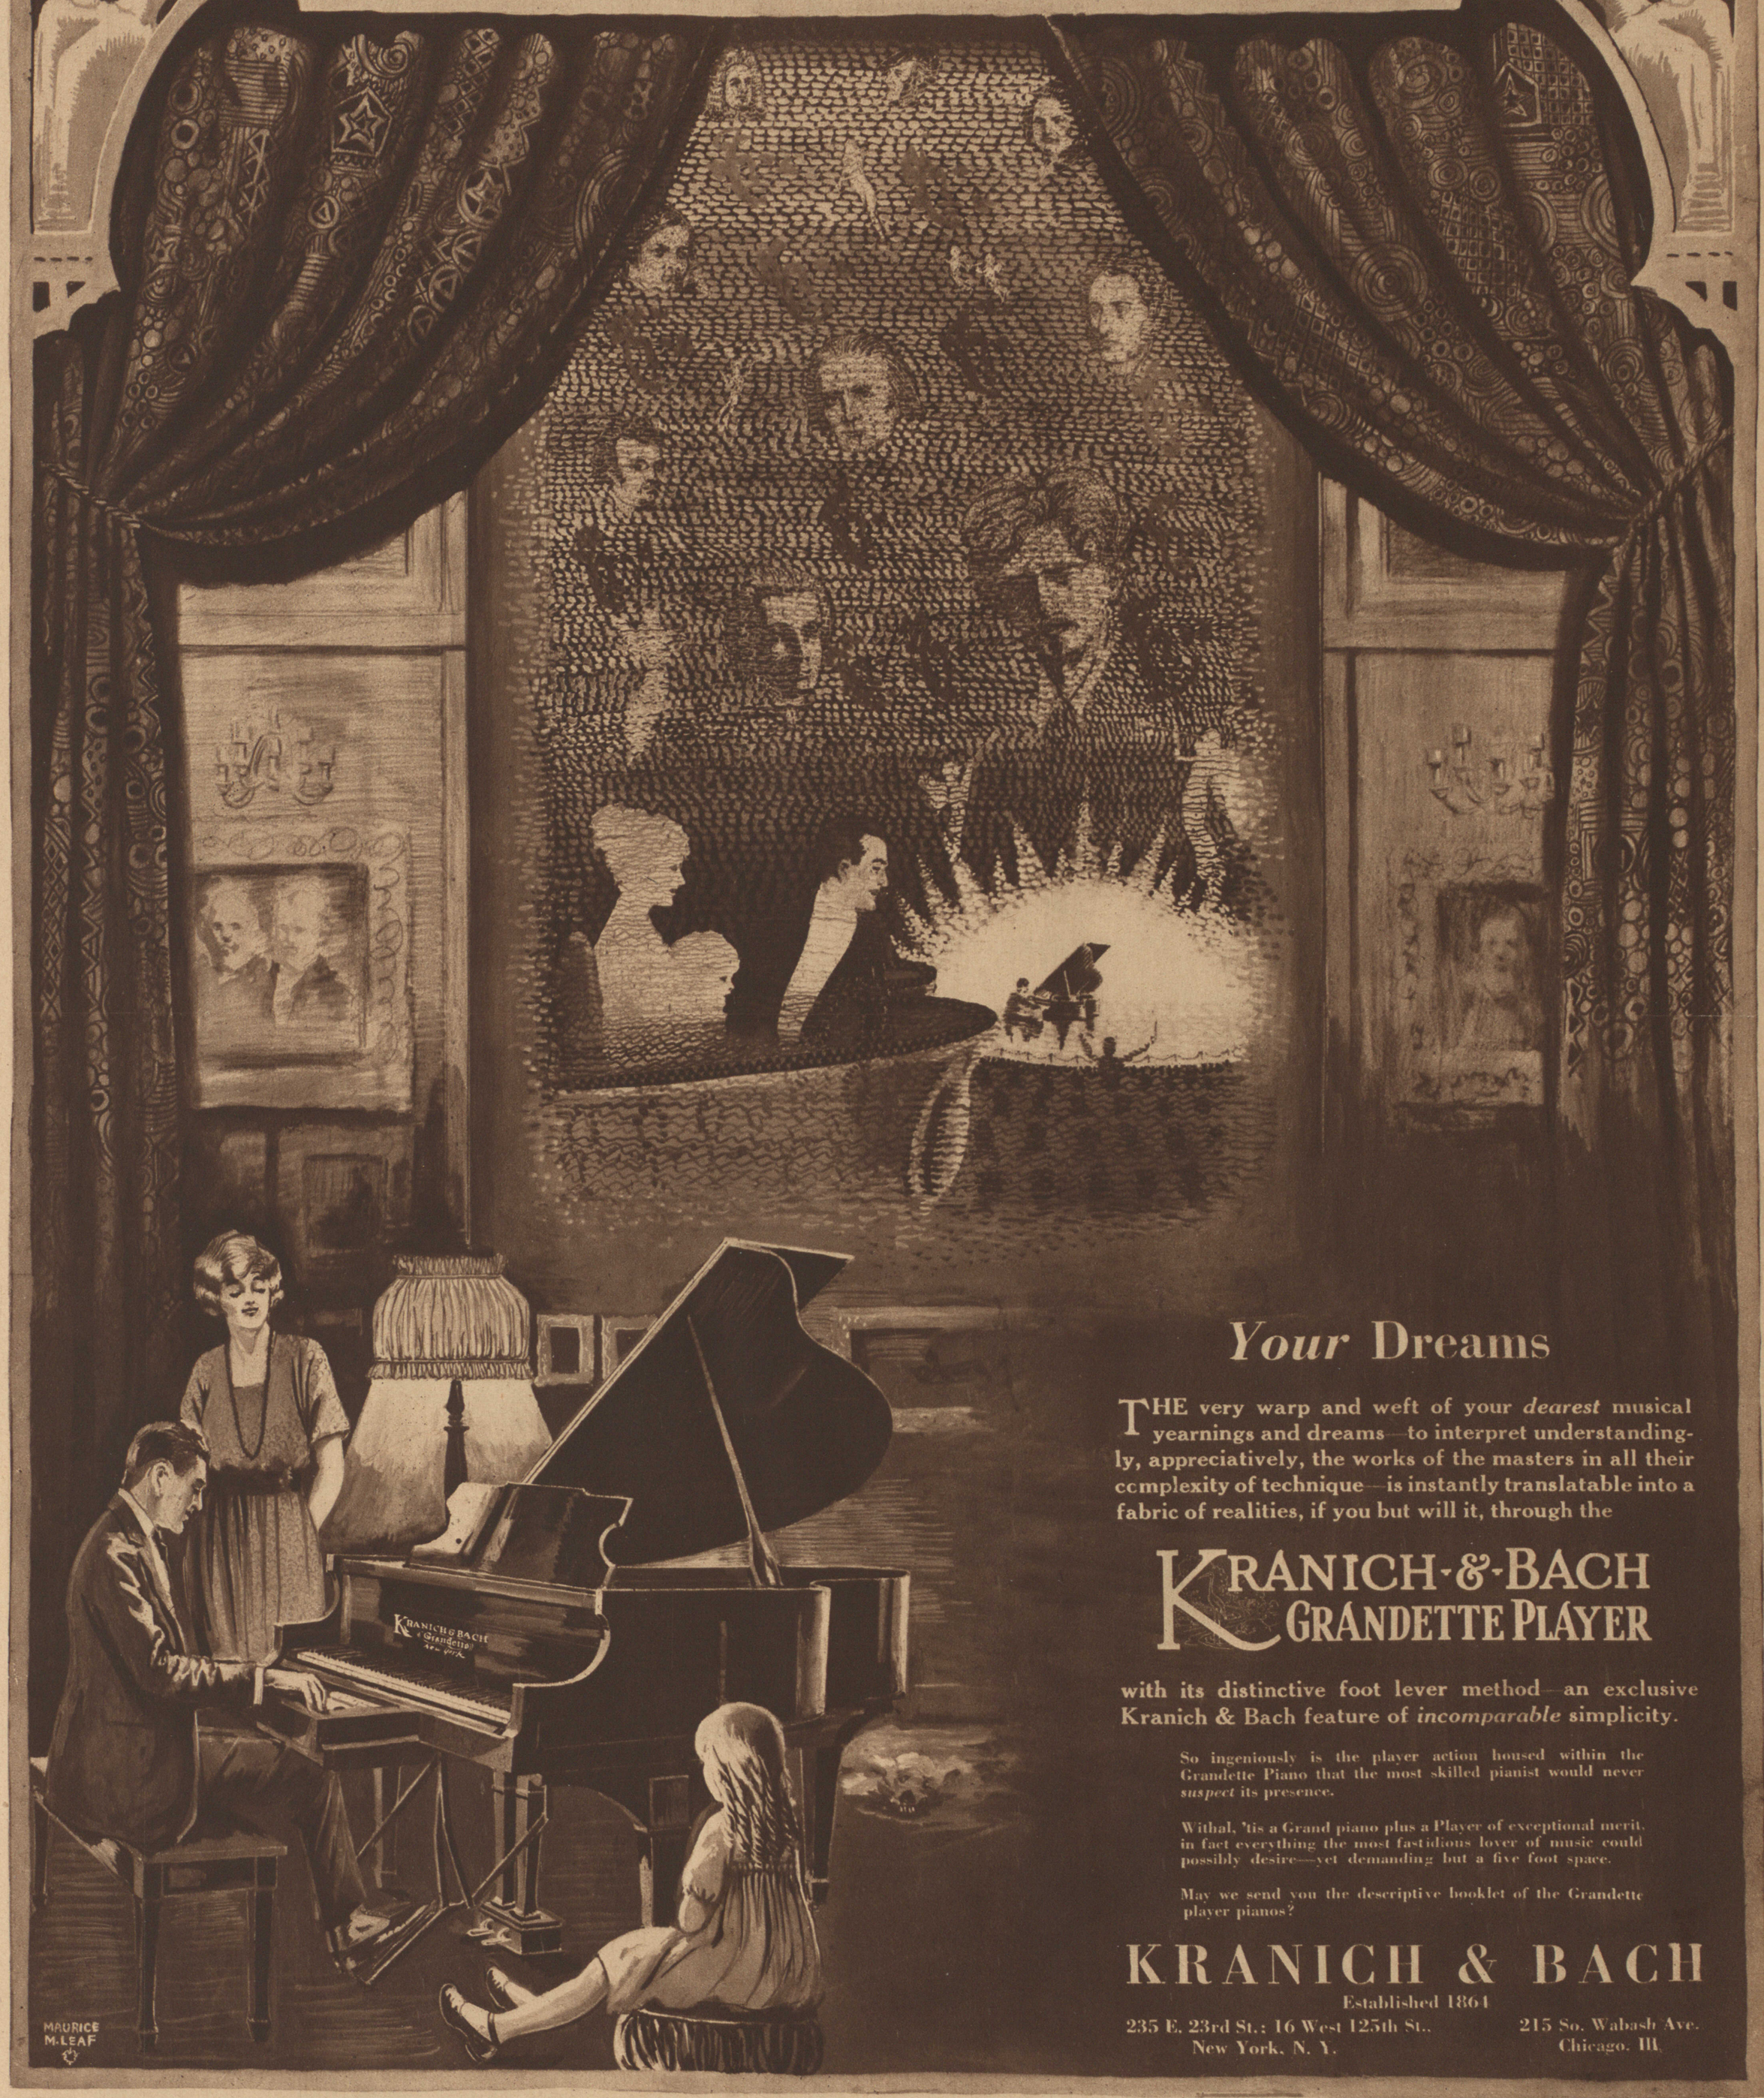
THE FABRIC OF DREAMS



Your Dreams

THE very warp and weft of your *dearest* musical yearnings and dreams—to interpret understandingly, appreciatively, the works of the masters in all their complexity of technique—is instantly translatable into a fabric of realities, if you but will it, through the

KRANICH-&-BACH GRANDETTE PLAYER

with its distinctive foot lever method—an exclusive Kranich & Bach feature of *incomparable* simplicity.

So ingeniously is the player action housed within the Grandette Piano that the most skilled pianist would never *suspect* its presence.

Withal, 'tis a Grand piano plus a Player of exceptional merit, in fact everything the most fastidious lover of music could possibly desire—yet demanding but a five foot space.

May we send you the descriptive booklet of the Grandette player pianos?
