INFORMATION To TRAVELLERS.

THE subscribers beg leave to inform the public that on the first day of April next, a new, expeditious and convenient

LINE of STAGES,

will be established between the cities of Philadelphia and Washington—to run in the following order of time and place:

A stage, with the mail, will leave Brenton's tavern in Wilmington, every Monday and Wednesday, at 5 o'clock A. M. and arrive at Chester-town early in the evening on the same day.

A stage with the mail, will leave Chester-town on every Tuesday and Thursday, at 5 o'clock A. M. and arrive at Rock Hall by early breakfast.

A comfortable and fast sailing packet, with the mail, will leave Rock Hall on every Tuesday and Thursday at 8 o'clock A. M. and arrive at Annapolis, with a favorable wind, in the course of two and a half hours, at any rate in the course of the same day.

A stage with the Eastern Shore of Maryland and Delaware mails, will leave Annapolis on Wednesdays and Fridays, and arrive at Washington and George-town on the same days.

The stage will leave M'Laughlin's hotel in George-town, and Stelle's in Washington, on every Thursday and Sunday, at 5 o'clock A. M. and arrive at Annapolis on the same days

A packet will leave Annapolis on Mondays and Fridays, at 8 o'clock A. M. and arrive at Rock Hall on the same days, in time to proceed on to Chester town on the same evenings.

The stage will leave Chester-town on Thursdays and Saturdays, at 5 o'clock A. M. and arrive at Wilmington on the same days; from whence a stage runs to Philadelphia every day.

One of the subscribers likewise begs leave to inform the public, that he is now established at the antient and well known ferry Rock Hall, and has provided good, safe and commodious packets, fitted up in the neatest manner for the accommodation of passengers: that a large and comfortable packet will leave Rock Hall, for Baltimore on the same days that the mail crosses to Annapolis, Tuesdays and Thursdays, at 9 o'clock A. M. and will leave Baltimore, from the lower end of Bowly's wharf, on Wednesdays and Saturdays, at 9 o'clock A. M. for Rock Hall Each of the above packets are well calculated for the conveyance of horses and carriages. Horses and carriages will always be in readiness for the conveyance of passengers on their arrival at Rock Hall, to whatever place they may wish to proceed, in any neighboring part of the country, or to Chester-town, from whence they may be conveyed to the northward or southward, by the regular line of stages; and that the Annapolis packet will leave Annapolis on Wednesdays for Rock Hall, and will leave Rock Hall on Sundays for Annapolis, besides the regular day of carrying the mail, as above mentioned. He also flatters himself, that from his experience in maritime pursuits, and the confidence placed in him by many of the most respectable merchants in Baltimore, whilst following the sea faring life, that he has a competent knowledge to keep his boats in good order, for the comfort and convenience of passengers, and that he shall merit the patronage of a generous public, which he hereby respectfully solicits.

It is unnecessary to make any comments on the advantages which entitles this route to a preference, to that round the waters of the Chesapeake bay. This affords a safe dry road, through a beautiful, level, and fertile country, from the Delaware state to the seat of government, whilst the other presents one continual scene of hills and vallies, generally filled with water and mire. Travellers on this route will not only derive advantage from good roads, shortening the distance, and incurring less expence, but will avoid the danger of injuring their health, by not being exposed to travelling by night.

A BARGAIN.

THE subscriber offers for sale the farm he now occupies, containing near 300 acres with or without the stock thereon.

It is distant from the cities of Georgetown and Washington, about five miles, and well known as a healthy situation. There is much fine fruit thereon, and abounds with springs, affording as good water as in the United States, a considerable proportion of the land has been in clover, and from thirty to forty acres fit for the scythe the ensuing summer. It is now in a very improving state, being altogether clear of broom sedge, and from 40 to 50 acres ploughed and prepared for a spring crop, and from 30 to 40 acres well set with wheat and rye—some part of the land is calculated for tobacco; and plaster of paris answers well with it all. The dwelling house and other improvements may with small repairs, be rendered very comfortable—From its vicinity to two growing cities many advantages result in supplying the markets. A purchaser may calculate on a good bargain, particularly if an early application be made. Some part of the purchase money will be required in cash or approved negotiable paper: the remainder rendered easy—or negroes received in payment. The subscriber or William Yearly residing on the farm will shew it when required, and the terms made known by application to *Mr. John Thompson*, George Town, or Dr. WM. THORNTON, Washington.
