"Your Country's Calling You."

March

Till Ready

Voice

Now is the time for action - 'Tis dangerous to de -
We have no thought of conquest - We're fighting in the

lay - Brave men of our Nation - Are eager for the
light To bring to every Nation - Their freedom and their

fray - And as in days of yore - We'll make the enemy all prance -
right - And when the war is over - Surely the whole world will a - gree -

When we reach the trenches beside our comrades of France.
The only fight that is right boys is the fight for li - ber - ty.

P-f Young men, old men, one and all - Can't you hear your Country's call -

We want you - we need you all - Lincoln, Grant and Washington -

They were men who fought and won so why not follow them -

Yankee doodle carried them to glory - It surely will carry us there

too - Your Uncle Sammy needs you - What are you going to do -

Your Country's calling you.

you.
