50 Dollars Reward.

RANAWAY from the subscriber, on the 20th ult. mulatto JOE. Joe is a stout well made dark mulatto fellow, 5 feet 9 or 10 inches high, about 30 years of age—has several large scars on his hands and body, lisps a little. Had on and took with him, a tow linen shirt & trowsers, one pair of nankeen trowsers, also one old surtout coat and old fur hat much worn. Joe can write a tolerable good hand, & has run away before, when he was taken up & put in the Frederick town jail & sold out by George Creager in 1805 Any person taking up said fellow, and securing him in any jail so that I get him again, shall receive if taken within the county, 20 dollars, and if out of the state the above reward. If brought home all reasonable charges will be paid by the subscriber living in Frederick county, Md. near New Market.

SINGLETON BURGEE.

N. B. I forewarn all persons from harboring or carrying off said fellow at their peril.

P. S. Joe ran off in company with a fellow named Adam, and they were both lately advertised together; since which Adam has been taken and secured in the jail of York, (Pa) Joe went in the same direction, and will probably make for Philadelphia, and endeavor to get on board some vessel and go to sea.

Sept. 12—eptf

On a liberal credit.

THE subscriber will dispose of at private sale, his estate called Chichester, lying on the eastern branch, immediately opposite the city of Washington. This tract of land containing 697 acres is laid off in lots from 83 to 144 acres for the convenience of purchasers. Plats of the estate and the terms of sale are in the hands of colonel Hanson at the navy yard, and Charles Wayman of George Town. The lots will be shewn by Mr Wedden, living on the premises, near the Eastern Branch bridge.

ANTHONY ADDISON.

Barnaby, 12th June 1805—tf

STELLE's HOTEL & *CITY TAVERN.*

THE Subscriber takes this method of thanking his friends and the public for their favors whilst on the Capitol Square and begs leave to acquaint them that he has taken the *Spacious Hotel lately erected by Mr. Carroll*, near the Capitol. WILLIAM MARBURY,

HAS received from Philadelphia and Baltimore, and for sale by

Mr. BREWER, next door above Mr. Elisha Riggs store on Bridge street,

A General assortment of Fall & Fancy Goods of the latest importations, and will receive a further supply in a few days, all of which have been purchased on the best terms for cash, and will be sold very low.

George Town, October 15—tawam

---

20 Dollars Reward.

ELOPED in the night of the 18th instant, MILLY, a dark Mulatto, about 30 years old 5 feet 5 or 6 inches high, of rather a slim make, a small scar on her forehead, occasioned she said, by a piece of wood striking her when cutting it—when she laughs shews her teeth, which are pretty large, white, and placed a considerable distance apart. Among the articles of apparel she took with her, were a striped calico gown flounced round the bottom, a jacket and petticoat of striped calimanco of a lead color, with white sleeves.

Whoever brings the said mulatto to the subscriber, shall receive, if in the territory of Columbia, 5 dollars, if 20 miles from home, 10, and in the same proportion for any greater distance, and all reasonable charges paid.

ANDREW T. M'CORMICK.

Oct. 24—tf.

NOTICE.

BY virtue of a decree of the High Court of Chancery, will be sold at Public Auction, on the premises, at 12 o'clock, on the third day of December next, if fair, if not, on the first fair day thereafter, the Dwelling Plantation of the late RICHARD WILLIAMS, deceased situate in Prince George's county, about 14 or 15 miles from the city of Washington, and about 25 from the city of Annapolis; this plantation contains about 300 acres, well calculated for farming or planting, with a sufficient quantity of woodland for its support. The improvements are inconsiderable, consisting of an old log dwelling house and a tobacco house. It is presumed any person inclined to purchase will view the property previous to the sale. The terms of sale are, that the purchaser shall give bond, with approved security, for paying one third part of the purchase money, with interest, on the first day of March, one third with interest within two years, and the residue with interest within three years from the time of sale; and on the ratification of the sale, and on payment of the purchase money, the trustee will convey to the purchaser.

RICHARD ISAAC, Trustee.

November 14—w3t

NOTICE IS HEREBY GIVEN,

TO the creditors of RICHARD WILLIAMS, deceased, to exhibit their claims, with vouchers thereof, to the Chancellor, on or before the first day March next.

RICHARD ISAAC, Trustee.

November 14—w3t

The Subscribers take this method of requesting DAVID DUNCAN late Collector of the port of Machinac, to remit them on or before the month of March next the amount of their bond given to the United States, as judgment hath been obtained against them on said bond.

ROBERT ABBOTT,
JNO. DODEMEAD.

Detroit November 10—1m

P. MAURO'S

NEW GROCERY AND CROCKERY WARE STORE.

THE Subscriber respectfully informs the inhabitants of the city of Washington that he has lately received from New York and Philadelphia, a large & complete assortment of Grocery's, Liquors, Fruits, and Crockery ware,—that he expects with the first arrivals from Baltimore, a supply of the above articles, and that he has opened store opposite the SEVEN BUILDINGS, where he flatters himself that he will be able to accommodate his customers not only with the best and choicest kind of goods, especially fresh Teas, and Liquors, but on as low terms as elsewhere in this vicinity.

P. MAURO.

P. MAURO, Professor of Music, begs the inhabitants of Washington and George Town, to accept of his hearty thanks for the encouragement he has been favored with, informing them that he does not intend to decline his profession, but that he shall continue as formerly to instruct on the Piano Forte, German Flute, and Guitar.

Washington city, November 10—tf

ATTENTION!!.

Those persons that wish to purchase the *GENUINE PATENT & FAMILY* *MEDICINES* Of RICHARD LEE & SON MUST APPLY TO *Mr. Daniel Rapine, Capitol Hill, Washington, & Dr. N. Magruder, George Town.*

"An ounce of prevention is worth pounds of cure."

For the prevention and cure of Billious and Malignant Fevers, is recommended

Lee's Anti-Billious Pills,

Prepared by Richard Lee & Son, Baltimore.

THIS medicine has, for eight years past been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West Indies, and the southern part of the U. States, particularly in Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston and Savannah. The testimony of a number of persons in each of the above places has been adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

Facts of this conclusive nature, speak more in favor of a medicine than columns of pompous eulogy, founded on mere assertion.

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these pills taken once every two weeks, during the prevalence of our bilious fevers, will prove an infallible preventative: & further, that in the early stages of those disorders, their use will very generally succeed in restoring health, and frequently in cases esteemed desperate, and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to used with safety by persons in every situation, and of every age.

They are excellently adapted to carry off superfluous bile, and prevent its morbid secretions—to restore and amend the appetite—produce a free perspiration, and thereby prevent colds, which are often of fatal consequences; a dose never fails to remove a cold, if taken on its first appearance. They are celebrated for removing habitual costiveness—sickness at the stomach and severe head ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

Lee's Infallible Fever and Ague Drops,

For the cure of Agues, Remittent and Intermittent fevers.

Thousands can testify of their being cured by these drops, after the bark and every other medicine have proved ineffectual. Not one in a hundred has had occasion to take more than one, and numbers not half a bottle.

These drops are particularly recommended to the inhabitants of low marshy countries, where the worst sort of agues generally prevail; which, unless early attended to, and speedily removed, injure the constitution exceedingly, bring on dropsies, putrid fevers, and a variety of complaints of the most dangerous and alarming nature. Many other medicines are daily offered to the public for the cure of this disorder, which, upon trial, have been found either dangerous or useless. The bark is the usual remedy made use of but being a very nauseous medicine, and seldom taken in sufficient quantity, it very often fails; children and those who have weak stomachs, are frequently lost for want of a more easy and pleasant remedy.

Sovereign Ointment for the Itch.

A preparation which for pleasantness, ease, safety, and expedition, gives place to no application whatever; free from mercury, or any pernicious ingredient.

Lee's Worm Destroying Lozenges.

Which have within seven years past cured upwards of one hundred thousand persons of both sexes, of every age and in every situation, of various dangerous complaints arising from worms and from obstructions or foulness in the stomach and bowels—they are perfectly safe and pleasant, and may be given to the youngest infant or the most delicate pregnant lady, with propriety.

Lee's Genuine Eye Water.

A sovereign remedy for all diseases of the eyes, whether the effect of natural weakness or of accident.

Tooth Ache Drops.

The only remedy yet discovered which gives immediate and lasting relief in the most severe instances.

Genuine Persian Lotion,

So celebrated among the fashionable throughout Europe, as an invaluable cosmetic, perfectly innocent and free from corrosive and repellent minerals, (the basis of other lotions) and unparalleled efficacy in preventing and removing blemishes of every kind, particularly freckles, pimples, inflammatory redness, scurfs, tetters ring worms, sun burns, prickly heat, premature wrinkles, &c.

Lee's Genuine Essence and Extract of Mustard.

A safe and effectual remedy for Acute Chronic Rheumatism, Gout, Palsy, Lumbago, Numbness, White Swellings, Chilblains Sprains, Bruises, Pains in the face and neck, &c.

The Anodyne Elixer,

For the cure of every kind of Head-Ache.

Lee's Damask Lip Salve,

Is recommended (particularly to the Ladies) as an elegant and pleasant preparation for chopped and sore lips, and every blemish and inconvenience occasioned by colds, fevers, &c. speedily restoring a beautiful rosy color and delicate softness to the lips.

Restorative Powder for the Teeth and Gums.

Lee's genuine Corn Plaister.

An infallible remedy for speedily removing Corns, Root and Branch, without giving pain.

Indian Vegetable Specific,

For the cure of Venereal Complaints.

It will be prudent in all who estimate the value of health, to observe that each of the above articles have the signature of Richard Lee & Son, on the outside wrappers, without which none are genuine.

☞ Letters directed for Richard Lee & Son, No 17, Market street, Baltimore, will be punctually attended to.

October 10—6w

Patent Threshing Machine.

I HAVE invented a machine for threshing all kinds of Grain contained in straw stem or chaff, particularly wheat, this machine has been found on fair trial to answer compleatly the purpose for which it was intended. Farmers now have it in their power to get out their grain with expedition, free of dirt white caps or loss. This machine is constructed on entire new principles; its operation is by flails encircled by a cylinder moved upon friction wheels, and can be regulated at pleasure, to thresh the grain more or less, as the dampness, dryness, or particular kinds of grain may require it. It will be found upon examining the principles on which this machine is constructed, that it will be the fault of the possessor if any grain passes unthreshed; it separates the grain from the straw and chaff, as it threshes also the chaff from the straw; the construction is by no means complicated—not liable to get out of order, and not expensive to erect. It has been found by fair experiment the power of four small mules or two good horses, are sufficient to thresh and clean one hundred bushels per day with great ease. Those on extensive farms who wish more grain threshed per day may obtain any quantity they wish, by making the machine larger, and applying more power. If farmers only knew the excessive lots they sustain in getting out their grain in the mode heretofore used, nothing more would be necessary to bring my machine into general use. Those who have small streams on their farms will find they may set the machine going by water at a small expence, by a small tub wheel. To those who are acquainted with the gentlemen whose certificates I annex, nothing need be said; those who are not, will find, on enquiry, for intelligence and respectability they have few superiors. My price for the privilege of using my machine, is fifty dollars. I will dispose of my privilege for counties or states to those who wish to purchase on liberal terms. Letters addressed to me post paid, at Dumfries, Virginia, will be duly attended to.

JAMES DENEALE.

Dumfries, 22d Sept. 1806.

NO. I.

I do hereby certify, that I have a threshing machine erected on the plan invented by Mr. James Deneale, of Dumfries, which exceeds my expectation. A great number of my neighbors who have seen it work, think it does not leave one grain in ten thousand unthreshed; it separates the straw and chaff from the wheat as it threshes.

It possesses many advantages over machines on the Scotch principle, as they will thresh none but what goes in with the ear first; so that all tangled wheat is not much more than half threshed. Mr. Deneale's machine threshes tangled wheat or sheaves put in butt first perfectly clean.

In very dry weather Scotch machines scutch off a great number of heads, a great many of which the utmost care cannot prevent being carried off by the straw; the very ears without straw are perfectly clean threshed by Mr. Deneales's. Scotch machines, take near ȝ double power to work them. I speak the above from experience; as I had a machine on the Scotch principle, which from the above faults I had not used for several years, and have now pulled it down.

Mr. Deneale's machine will thresh from 70 to 100 bushels per day, four small mules or two good horses will work it with great ease, and I am convinced from the slow pace they go that two oxen would work it.

Although my machine (which was the first erected in this part of the state) has been built but a few months, it is so well approved of that a great many more are either built or now building on the same construction.

It will be shewn in operation to any gentlemen calling on the subscriber, at Beverley's Ford, Fauquier county, Virg.

STEPHEN MILBURN.

September 5, 1806.

NO. II.

I have several years known Mr. Milburn, who has given the within certificate—he is a sensible, judicious, practical farmer, and a man of good character. He is a native of the county of Northumberland, in the kingdom of G. Britain, and has been a successful farmer in this country. I think that great confidence is to be placed in what he says.

DANIEL C. BRENT.

September 13, 1806.

NO. III.

I have had erected on my plantation a Threshing Machine upon the model invented by Mr. Deneale, of Dumfries; this machine separates the wheat from the straw more completely than it can be done by treading in the usual way with horses, and it will, I am persuaded, clean from 90 to 100 bushels per day I find that four mules will turn the machinery with ease.

WILLIAM CHAMPE CARTER.

Culpepper, 5th Sept. 1806.

NO. IV.

Induced by motives of public good, I wish to make known, that in company with some of my neighbors, we viewed on the estate of Wm. Champe Carter, esq. Mr. Deneale new invented Patent Threshing Machine, performed by Mr West, a most masterly, beautiful piece of mechanism. Notwithstanding the straw was damp and the negro slaver that worked it, awkward, yet on a fair trial it beat out and cleaned upwards of four bushels and a half in half an hour; we carefully examined the straw, which was so entirely cleaned of wheat that therein we did not find more than four or five grains. Therefore, on the whole, I do not hesitate to pronounce it, in my judgement, the most complete and most useful thing of the kind which human wisdom has yet invented.

JOHN STRODE.

Culpepper, 29th August, 1806.

NO. V.

Since the date of the above, the manager of the estate of Wm. Champe Carter, esq. Mr. Reuben Beazeley, a man of good character and respectability, who has had the conducting of the aforesaid machine, has made the following affidavit.

JOHN STRODE.

CULPEPPER COUNTY, TO WIT:

This day personally appeared before me, Mr. Reuben Beazeley, and made oath, that the wheat machine, commonly called Deneale's Patent Threshing machine, under his care and direction, on the estate of Wm. Champe Carter, esq as the hands begin to understand it more, gets out wheat faster than at the beginning; and has on fair trial lately cleaned from the straw in the space of half an hour more than six bushels of wheat, and believes it would continue to do that much as long as the four mules that work it could remain at that service, until taken out to give them food and water. Certified under my hand this 12th day of September, 1806.

JOHN STRODE.

IRON WORKS, FOR SALE.

THE Subscriber is duly empowered to contract for the sale of a handsome scite for Iron Works, and eight thousand acres of Land adjoining, lying on the river Rappahannock, about nine miles above Fredericksburg. The scite for the works embraces a small stream with 60 feet fall of water, within 500 yards of its confluence with the river, and immediately above commences the most advantageous seat for water works, of different kinds, commanding the whole source of the river Rappahannock, by a natural canal of about 800 yards in length, into which the whole force of the river may be turned with little expence. There has been a furnace and other works formerly erected here, and the ore found equal and abundant to any in the country, and it has been several times tried by good judges. The title is indisputable, and a great bargain may be had. The subscriber will at any time attend those inclined to view the premises, and can shew the lands, and scite for the works, by an accurate survey he now has, on application to him at Dumfries, Virginia.

JAMES DENEALE.

September 29—6twam

FOR SALE,

ON the first day of December will be offered for sale at the late dwelling house of Richard Sprigg deceased near Upper Marlborough in Prince Georges county, a number of valuable Slaves, Men, Women and Children.

The sale will commence at 11 o'clock in the forenoon if fair, if not the next fair day and to continue from day to day until the number contemplated is sold. The terms of sale are nine months credit on the purchaser's giving bond with approved security bearing interest from the date.

A deduction will be made on the day of sale for cash.

November 3—wtD
