"It's Home Again.And It's Home Again,United States For Me"Mrs. P. J. Merrier.

1

We are the boys in khaki,and are proud to wear it,too;
For all the world is Freedom now,neath the Red,White,and Blue;
We sure did stand up for our Flag,when time for action came,
Now she can wave both proud and free,and Home,Sweet Home's our aim!

2

And wont the folks at home be proud when they see us return?
For all our friends are lonely and for us they always yearn;
We'll sure be glad to see the,too; yes,ev'ryone,you bet;
I'll greet my mother with a heart less brave than ere I met

CHORUS.

For it's home again, yes,it's home again--
United States for me!
France is al right when there's work to do,
Bur now for the Land of the Free!
We're sure to meet with cheerful welcome,
When we land upon our shore;
We've licked the Huns,and freed the world,
From war forevermore.
