BUZZARD'S ISLAND.

I WILL sell at private sale or exchange on liberal terms for other Landed Property, provided the situation is approved, the tract of land on which I reside, called *Buzzard Island*, lying on Patuxent river in Calvert county, and nearly opposite to Benedict, containing about eight hundred acres of rich fertile land as can be found in the state of Maryland, one third of which is in wood and very heavily timbered; likewise a great quantity of Locust, Cedar and Chesnut.

The arable part of this plantation is level and much of it covered with oyster shells, and is divided into three fields, each of which will produce two hundred barrels of corn, with a reserve of prime tobacco land sufficient to grow fifty hhds. annually, and with very little labor more meadow may be reclaimed than will be found sufficient. No land can be better adapted to the growth of corn, tobacco and wheat, and few plantations hold out stronger inducements to stimulate an industrious man. It binds for a considerable distance on the river, has several landings and lies nearly in a square—fish, oysters, and wild fowl are to be had at all times—stock of every description, particularly sheep, thrive and improve wonderfully when removed to this land, a convincing proof of the goodness of soil and the nutricious quality of the grass which it produces in great abundance. The improvements are sufficient to accommodate a small family. A more particular description is not necessary—a purchaser will naturally view the premises.
