" The Flag of Our Republic."

Hark! the bugle tune is calling
The flag has been attacked
Our ships are sunk; our sailors killed
On every sea and track.
We have no rights respected
Our flag lies in the dust
We shall not disgrace George Washington
We shall not betray our trust.

Chorus

Its the flag of our Republic
Tis the old Red, White and Blue
The one that loves humanity
Gives each nation its due
Its the flag of the honored Washington
Of Lincoln, Grant and Lee
We'll always love that dear old flag
No matter where we be.

The men are now assembling
From North and South they come
The men of Grant; the men of Lee
Shoulder food, clothing and gun
Old Glory will be defended
Though it may lead to the grave
They'll prove the old assertion
That we're free and we are brave.
