COME AND HELP US.

[redacted]. Wyser.

H. DuFresne.

Oh hear that cry from o'er the ocean, 'Tis a plea I have a nation no A-

merican could fail to heed; Give us tons of am-mu-nition and some

ships in good con- dition, And we'll help our friends in this sad time of

need. To LaFayette we've long been debtorn, since he helped to break our

fetters, And well we know the time has come to pay; Those

Frenchmen proved good neighbors so we go with guns and sabers To

stay right by them till they gain the day.(CHORUS) Old U.

S. is coming, Frenchies, give him room there in your trenches, He will

help you get the Germans on the run; He's pre-pared to stay right

by you and no foe shall dare defy you, That he won't tackle

be it Turk or Hun.

Uncle Sam is not any slacker, then there's Woodrow for a backer,
So we've money and the sand;
Just as sure as you are living, of our funds and strength we're giving
To the friends who helped us to our freedom's land.
We don't have to be persuaded, never need our homes be raided
To find the man we wanted over there;
Even wives and mothers gladly speed us where we're needed badly,
For sacrifice and service fill the air.

Chorus.

We're on the way to help you, Frenchies, o'er the top or in your trenches
Bravely fighting every man with heart and will;
Then see us wave "Old Glory" when you can shout abroad the story,
"How the props are knocked from under Kaiser Bill".
