The Union

Not too fast.

Hail! might-y Un-ion of the states and home of the free
Un-furl the Un-ion's star-bright flag with hon-or su-preme
God! grant the Un-ion might from law in com-mon de-creed

Greet-ings are sung to thee on land and on the sea The
Waft high the stars and stripes as hearts with val-or teem De-
Lou-al to broth-er-hood the peo-ple rule in-deed We

Fath-ers saved thee, soul-free land As might and right marched
fend the flag, it em-blems peace and no-ble hopes that
love our coun-try, keep it free Though minds may dif-fer

hand in hand And sons now wel-come the com-mand That A-
strife will cease The glo-ry of its state in-crease That de-
hearts a-gree As mil-lions sing O God! to Thee Great Co-

mer-i-ca be free
fense may win es-teem
lum-bia gives Thee heed
