So where you will on land or at sea, So where you will on land or at sea.

I will share all your sorrows and every care. Of all the wanderings that once you

knew. That does not hold sweet mem'ries of you. The sad ending of one so true. And will always

remember you, of all the wanderings that once you knew. That does not hold sweet mem'ries

of you. The sad ending of one so true, And will always remember you.
