# FOR WORLD DEMOCRACY

The warlike Germany
The dual monarchy
Set out the world to take they had the fighting bee
The Bulgar and Turk
Also set to work
To violate the laws of war its humane rules to shirk. For

Chorus.

Prussia's pet lorcher best stock in store
Is fighting and smiting and glorifying war
Her one golden rule taught in Church and School
Reads "We are world conquerors and war is our tool".

The fact is very plain the Hun is war insane
His mania are frightfulness and Kultur on the brain
Uncle Sam sat tight determined not to fight
Till our lives were menaced by the U-Boat Shreklichheit.

(Repeat Chorus)

Now that we are at war we're fighters to the core
A grand united pow'r stretched from shore to shore
Our powerful hand will reach o'r sea and land
And tear to shreds the Junkerbund the Mil'taristic band.

(repeat Chrous)

We fight for victory Democracy that's free
Justice in every land and freedom of the sea
Peace that's guaranteed 'gainst any nation's greed
A league of nations ever more the Universal creed.

(repeat chorus)
