By his excellency JOHN F. MERCER, governor of the state of Maryland.

A PROCLAMATION.

WHEREAS it appeareth unto me, by an inquest taken in Kent county, before Joseph Hynson, Esq. one of the coroners of the said county, that an atrocious murder hath been committed on the person of ROBERT ASHLEY, late of Kent county, by a certain Ephraim Armstrong, also of said county, who hath since absconded and fled from justice: And whereas, it is the duty of the Executive to guard as much as may be against the commission of such enormities, and to bring such offenders against the laws and peace of society to justice—I have, therefore, thought proper to issue this my proclamation, and do, by and with the advice and consent of the council, offer a reward of TWO HUNDRED DOLLARS to any person or persons who shall apprehend and secure the said Ephraim Armstrong, in any jail in the United States, so that he be brought to justice.

Given in council, at the city of Annapolis, under the seal of the state of Maryland, this fifth day of August, in the year of our Lord, eighteen hundred and three.

JOHN F. MERCER.

By his excellency's command.

'Tis said he has a brother somewhere in the western country, if so, it is probable he has gone to him—He usually rode a grey mare, which it is supposed he rode away, as she is missing from his farm.

LANDS FOR SALE.

THE subscriber wishes to sell a tract of land situate near the foot of the Blue Ridge and Short Hills in Loudon county Virginia, bounded partly by Potomac river within two miles of Harpers Ferry and the mouth of Shenandoah. It is of strong good soil, answering perfectly well for Plaister of Paris, and contains by patent 2340 acres. It is so well known as a valuable and fine tract of land that a further description is unnecessary to those who incline to purchase will naturally view and examine it. A clear and indisputable title will be given by the subscriber. There is no mortgage, judgment, debt, lease, claim or demand whatsoever against any part, it having been always let to tenants at low annual rents who are raised and removeable at will; but the occupying tenants (through favor only) have been permitted to claim from any coming in tenant one half of the deposit money as may be settled between them for the improvements and good will, the other half going to the landlord. There are at present sixteen or seven teen tenants upon the estate at very low rent. And it is recommended as an object well worth the attention of any person who would purchase the whole to parcel it into lesser farms to the resident tenants or others wishing to purchase parts of it.

The terms of sale are a portion of one fourth paid down in money, or in approved negotiable paper, and the remainder in one two or three years as may be agreed upon carrying interest from the day of sale. Application may be made personally, or by letter, to the subscriber residing at Warburton on Potomac river, near to Alexandria, to James M'Ilheney near the premises, or to Mr. John Janney merchant in Alexandria.

TWENTY DOLLARS REWARD

RAN AWAY from the subscriber on the 24th of June last, near the Eastern Branch ferry, City of Washington, a Negro man named ABRAHAM, but being an artful fellow, I expect he will change his name, and pass for a free man. He is about 28 years of age, about 5 feet 9 or 10 inches high, well made: He is rather of a yellow complexion; his wool is very short, and a scar on one side of his head near the top; he speaks very quick, and stammers in his speech. He was formerly the property of Doctor Blake of Calvert county. I have some reason to believe he has made for that place, or otherwise for Baltimore. He had no cloathing with him but what he had on, which was Osnaburg trowsers, an old shirt, a grey short coat. Whoever delivers the said fellow to me, shall receive the above reward.

PATENT GUN LOCK.

The subscriber offers for sale the right of making and using Edward West's improvement in Gun Locks, which is considered by judges of the utmost importance to every person using fire arms, and more particularly to the army and militia of the United States. There are two very great advantages resulting from this improvement, the first is, that no accident can possibly happen by a gun going off at half cock as it has in that situation no connection with the dog, consequently not with the trigger or any other external part of the lock. It cannot possibly catch at half cock as there is no notch that the dog can catch on, and the counter dog is so placed in the act of cocking, as not to be restored but by the cock first falling or being let down. The great security in this improvement ought certainly to recommend it to general use, to avoid the innumerable accidents that has and must unavoidably happen from the present plan, in guns going off at half cock, &c. Application made to Mr. Rhodes, city of Washington, will be communicated and attended to, where I shall attend at the sitting of Congress.

ORDINANCE

Of his Danish Majesty, defining what is to be observed by foreign vessels in regard to quarantine regulations.

HIS Majesty the King most graciously ordered by his mandate of the 12th of October last, that whenever any accounts are received of the existence of the yellow fever in the United States of America, or when no particular advice is received to the contrary from the minister resident there, all American vessels which are not provided with health certificates from the beginning of the month of July until the end of the year are to submit to certain quarantine regulations, and even if they are provided with such certificates, these vessels are still prohibited from communicating with the shore, before they have been visited by the appointed health physician, and if he has the least suspicion, then the vessel must be dealt with accordingly, in conformity to which, no American vessels during such a time shall be piloted, except having hoisted the green flag.

Which gracious command is hereby published for the regulation of all concerned. Given at the Danish Royal Chancery, on the 5th of November, 1802.

Extract of an ordinance concerning quarantine regulations, and rules, to be observed by navigators who touch at the ports or coasts of the royal Danish dominions, dated at Copenhagen, the 14th November, 1800.

1. Every vessel belonging to our dominions shall have a green flag on board, to be used as prescribed hereafter.

2. Whenever a vessel arrives from a place where there has been contagion, and in all other cases of suspicion, such as having been visited by any vessel from the Barbary coast, having bales of merchandize on board from suspected places, and having not undergone a quarantine since in any other place, or having had any virulent sickness on board during the voyage, then the green flag shall be hoisted at the head of the mainmast, before any communication is had with any person whatever from the shore, and before anchor is cast.

3. The commander of any vessel offending against these orders, shall pay a fine of 500 rix dollars, (400 dollars) it no dangerous consequences ensue from his misconduct; but if otherwise he shall be punished with 12 years labor in the fortifications—and should any malicious intent be proved upon him, he shall labor in irons during his life. Any vessel having had communication with another vessel that is suspicious, shall be subject to the same regulations and restrictions.

7. Should such a vessel be under the necessity of immediate communication with the shore, she must hoist her own national colors from the foretop, or under the green flag if she has no foremast.

8. After hoisting the color on the fore top, the signal for a pilot, the pilot shall immediately go on board, but not leave the ship board until the health physician has visited her—and for every day that the pilot is detained, he shall receive one rix dollar.

9. To prevent unnecessary delays to such vessels, as are arrived from places that might be suspected, (such as the Mediterranean or the West Indies) but still are secure and free from contagion, not having been at infected places, nor having any infected merchandize on board, and not having had communication with any vessel which could be suspected—nor had any one sick or dead during the voyage, we do order that for such cases all pilots shall be provided with blanks as hereafter written, which the captain and mate of such vessel shall sign, viz.

Undersigned N. commander of the ship, N. arrived from N. and N. W. mate of the said vessel, declare to their certain knowledge that neither any of the ships crew, or any other person, or any merchandize or thing of whatever kind on board the said vessel is infected with contagion or dangerous disease, and the said vessel has not been visited by any cruisers from the African coast or the Levant, and had none dead or sick with an infectious fever during the voyage, so help us God and his holy word; and if this deposition be found false, we subject ourselves to the laws of the land.

10. Blanks of this deposition will be printed in different languages, for the use of foreign vessels that may be subject to the quarantine regulations. As foreign vessels may not always be provided with a green flag, the pilots are bound to have one continually in readiness to be hoisted in aforementioned cases. If the green flag has been used longer than for one day, the pilot shall receive two rix dollars for the same, but the vessel may then keep it.

Any vessel sailing from the port of New York for his majesty's dominions from the 1st of July to the last of December, must be provided with (besides the usual bill of health) a certificate from the Danish vice-consul. Mr Hammerkin resides at No. 78, Pearl street where attendance will be given.

New York, July 29.
