A dreadful rebellion took place in Dublin on the 23d July by a mob conſiſting of not leſs than 4,000 perſons, who it is ſaid, acted with the ferocity of ſavages, upon a deep laid and deſperately concerted plan. Lord Kilwarden (the chief juſtice of Ireland) and his nephew the Rev. Richard Wolfe, were dragged from their carriage into the ſtreet and ſtabbed to death with pikes; 40 other perſons experienced the ſame fate, and the rebels were not ſubdued until great havoc had been made amongſt them by the military. 30,000 pikes and 10,000 uniform dreſſes have ſince been diſcovered and ſeized.

Bonaparte has propoſed terms to Louis XVIII. offering him a princely eſtabliſhment on condition of his relinquiſhing for himſelf and his family all pretenſions to the crown of the Bourbons. The official papers on this ſubject are in our poſſeſſion, and will be given to-morrow.

A Ruſſian ſquadron has arrived at Lubeck, and another is cruiſing in the Baltic.

The rebel leader of the Albanians, who made himſelf maſter of Cairo, has poſſeſſed himſelf of Lower Egypt, and opened a correſpondence with the Beys in the upper provinces.

Preparations for invading England, and preparations at leaſt equally great for repelling the invaſion continue with unabated vigor. The French generals, to whom report aſſigns the command of the expedition, are Maſſena, Lefevre, Serrurier and Augereau.

The Firſt Conſul has arrived at Bruſſels.

PHILADELPHIA, Sept. 12, 1803.

IT is with deep regret, that the board of health announce to their fellow-citizens, that a diſeaſe of a malignant aſpect, has made its appearance in that diſtrict of the city extending from Market to Walnut ſtreets, and from the eaſt ſide of Front ſtreet to the river Delaware, beyond which limits nothing of alarming import is known to have yet occurred.

After an inveſtigation the moſt diligent and attentive, the board are unable to trace this diſeaſe to any foreign or external ſource. No veſſel to which ſuſpicion can be attached has lain at the adjacent wharves during the ſeaſon, nor is it aſcertained that any ſick perſon from New-York or elſewhere has gained admiſſion into the neighbourhood. But the conſideration of all others the moſt conſoling and encouraging is, that in no inſtance whatever has the diſeaſe appeared contagious.

From theſe circumſtances, taken conjointly with the advanced ſeaſon of the year, and the experience derived from the circumſcribed progreſs of a ſimilar diſeaſe, which, early in the month of September in the year 1800, made its appearance in the neighborhood of the Drawbridge, the board of health are of opinion, that *a general removal* of their fellow citizens is, as yet, by no means adviſeable. Should the diſeaſe make its way with deſolating ſteps towards the heart of the city, its progreſs ſhall be narrowly watched and faithfully reported.

The board feel, in its full extent, the reſponſibility attached to the meaſure of diſſuading their fellow citizens from placing their ſafety in flight; but, with the public welfare for their object, and a firm reliance on him who rules the elements and ſeaſons, and renders them ſubſervient to his wiſe and benevolent purpoſes, they are prepared to meet the conſequences of their advice.

As the board are, however, perſuaded that the health and lives of the inhabitants of the diſeaſed diſtrict can be preſerved only by an *immediate removal*, they moſt earneſtly recommend to them this ſalutary meaſure. To prevent as far as poſſible the neceſſity of any further intercourſe with that part of the city, all veſſels lying at the adjacent wharves will be removed without delay, and none others ſuffered to be moored there during the continuance of the diſeaſe.

By order of the Board,
WM. T. DONALDSON, Preſdt.
FELIX PASCALIS, Sec'ry.

Hartford, September 7.

TO THE PUBLIC.

In compliance with a requeſt we have this day received from the Mayor of this city, we are happy to have it in our power to contradict the unfavorable reports which have been circulating reſpecting the health of its inhabitants, by ſtating; that for four weeks previous to the 20th of Auguſt, there was not a ſingle burial in the city; that from that period to the preſent time, four children and one adult have only died of the dyſentary, and one child of the ſcarlet fever; that two or three other deaths have only taken place, and which ſucceeded to chronic diſeaſes, and that no caſe of malignant or any contagious fever has occured in this or its vicinity.

It may be further ſaid, with the ſtricteſt propriety, that its inhabitants have ſeldom experienced a ſeaſon of better health.

ELIAKIM FISH,
MASON F. COGSWELL,
LEONARD BACON.

The Louiſville paper of the 25th ult. contains the following information:—"An expedition is expected to leave this place ſhortly, under the direction of Capt. William Clark and Mr. Lewis, (private ſecretary to the Preſident) to proceed through the immenſe wilderneſs of Louiſiana to the Weſtern or Pacific Ocean. The particular objects of this undertaking are at preſent matters of conjecture only: But we have good reaſon to believe that our government intend to encourage ſettlements and eſtabliſh ſea-ports on the coaſt of the Pacific Ocean, which would not only facilitate our Whaling and Sealing voyages, but enable our enterpriſing merchants to carry on a more direct and rapid trade with China and the Eaſt Indies."

The Legiſlature of Connecticut have offered a bounty of ten dollars on every ton of Hemp which ſhall be raiſed in that ſtate for the term of 3 years from the firſt day of May, 1804; and for the ſame period have exempted from taxation all land on which hemp ſhall be cultivated.

PROCESS FOR COPYING MANUSCRIPTS.

Citizen Coquebert has lately communicated to the Philomathic Society of Paris, a very ſimple proceſs for taking a copy of a recent manuſcript. The proceſs is the more intereſting, as it requires neither machine nor preparation, and may be employed in any ſituation. It conſiſts in putting a little ſugar into common writing ink, and with this the writing is executed upon common paper, ſized as uſual, when a copy is required, *unſized* paper is taken, and ſlightly moiſtened with a ſponge. The wet is then applied to the writing, a flat-iron (ſuch as is uſed by laundreſſes) of a moderate heat, being lightly paſſed over the unſized paper, the copy is immediately produced.

(By Authority.)

AN ACT

Supplementary to the act directing a new aſſessment of property, and enumeration of the inhabitants of the city.

BE it enacted by the firſt and ſecond chambers of the City Council of Waſhington, That the Treaſurer ſhall be allowed a time not exceeding five months from the paſſing of this act (to be limited at the diſcretion of the mayor) for completing the aſſeſſment required by the act to which this is a ſupplement, and for rendering the books thereof to the board of appeal thereby conſtituted; and that the ſaid board ſhall meet two weeks thereafter, at ſuch place as the Mayor may provide, of which public notice ſhall previouſly be given by him one week, which ſaid board ſhall finally decide within two weeks after its meeting upon all appeals in conformity to whoſe deciſions the books of aſſeſſment ſhall be adjuſted.

Sec. 2. *And be it enacted*, That the Treaſurer ſhall within one week after the aſſeſſment ſhall have been completed, give written notice, through the medium of the poſt office, to all owners of property of the ſum at which it may be aſſeſſed.

Sec. 3. *And be it enacted*, That there be allowed, if the mayor ſhall deem it neceſſary, to the Treaſurer, in addition to the ſum allowed by the aforeſaid act, a ſum not exceeding two hundred dollars, to be fixed by the Mayor.

Sec. 4. *And be it enacted*, That the board of appeal conſtituted by the ſecond ſection of the act to which this is a ſupplement be elected, according to the directions of ſaid ſection on the firſt Monday of November inſtead of the firſt Monday of September, and that the Mayor give notice of ſaid election two weeks antecedent thereto.

JOHN P. VAN NESS,
Preſident of the firſt chamber of the city council of Waſhington.
DANL. CARROLL of Dud'n
Preſident of the ſecond chamber of the city council of Waſhington.
Approved, September 12th, 1803.
ROBERT BRENT, Mayor.
Copy from the original depoſited in my office,
THOMAS HERTY, Reg.
of the city of Waſhington.

It is the wiſh of the Editor of the NATIONAL INTELLIGENCER to engage an individual well qualified to REPORT THE DEBATES OF CONGRESS. Immediate application, with the terms that will be agreeable, is requeſted.

The Editors of papers who publiſh Debates from the National Intelligencer are requeſted to inſert this advertiſement in their papers a few times.

MR. XAUPI

TAKES this means to inform his friends and thoſe perſons in general, who have hitherto favored him with their cuſtom, that he has removed his ſtore, two or three doors above Mr. Rhodes's Tavern, Preſident's Square; where he intends carrying on his buſineſs in the ſame manner as heretofore. Alſo that he will open his dancing ſchool the 19th of this month, in the city of Waſhington, (having for that purpoſe a ſpacious and very convenient room) in the ſame houſe where he has lately removed to—any perſon wiſhing to be inſtructed in the different branches of that art, will on applying at the ſubſcriber's reſidence, be informed, with the neceſſary particulars.

September 16. 3t.

STOLEN OR STRAYED,

ON or about the 8th inſt. from the Subſcriber, living in the city of Waſhington near the Navy yard, a light red coloured milch cow, about ſix years old, middle ſize, having ſhort low horns, a white face, and each of her eyes encircled with a red ſpot, as alſo a ſimilar one on the upper part of her noſe; her breaſt, belly, and tail white. Any perſon procuring ſaid cow, on delivery, if ſtrayed, ſhall have five dollars if ſtolen and ſecuring the thief ſo that he is proſecuted to conviction, twenty dollars.

JOHN DEMPSIE.

September 18 3t

BY LETTERS PATENT.

What is generally uſeful ought to be generally known.

THE undeniable ſucceſs which has attended the uſe of *Weſt's Rheumatic Ring,* In the cures of the Rheumatiſm, Rheumatic pains and Cramps, has induced him to obtain Letters Patent for his invention, in order to ſecure his property therein, and defend the public againſt the miſchievous effects of ſpurious imitations.

The following inſtances of the efficacy of Weſt's Rheumatic Ring, are ſelected from a conſiderable number, and ſubmitted for public inſpection, to demonſtrate the vaſt importance of his diſcovery, and in no inſtance have they failed of ſucceſs. A few of which are to be had at Mr. Wm. Rhodes's, city of Waſhington near the Treaſury office, at two dollars each.

THOMAS WEST.

I do certify, that I have had the Rheumatiſm in my knee, till it was much ſwelled, I then applied to Edward Weſt for one of his Rheumatic bands and by uſing it two weeks, I was perfectly well. Given under my hand this 6th day of December 1799, about ſix miles from Lexington.

BENJAMIN BEELER.

I do hereby certify, that I had pains in my arms, and I do believe by wearing a ring I have got from Mr. Weſt, I have got clear of the pains. Lexington, Dec. 4, 1799.

WM. ROSS.

I do certify that my wife hath had the rheumatiſm in one of her arms, and was very helpleſs with it for a long time; and I applied to Mr. Edward Weſt, for one of his Rheumatic Rings, which appears to have greatly relieved her, and I believe it will perfectly cure her. Given under my hand, this 6th day of Dec 1799.

AZARIAH HIGGINS,
near Lexington.

I do certify that I have had the cramp in one of my legs theſe three years, and the latter part of the time extreme bad; I could receive no benefit from any thing until I tried one of Edward Weſt's Rheumatic Bands, which perfectly cured me in three days—given under my hand this 15th of March, 1800.

THOMAS VAUGHAN.

I do hereby certify that I have had the rheumatic pains in both my arms, ſo that I was not able to work, and by wearing two rings which I got of Edward Weſt, I have got perfectly well. Given under my hand this 26th day of December, 1799

ASA COMBS.

I hereby certify that for ſeveral years paſt I have been much afflicted with a rheumatiſm. Mr. Edward Weſt of Lexington, complimented me with one of his Rheumatic Rings, which I have generally worn, and have been intirely free from all ſymptoms of that complaint ever ſince. Given under my hand this 17th December, 1799.

JESSE WILLIAMS, Bourbon Co.

I do hereby certify that I got of Mr Edward Weſt a ring called a Rheumatic Ring and it has perfectly cured me of the pain which had conſtantly followed me for fifteen months, leſs or more, in teſtimony whereof I have hereunto ſet my hand and ſeal, the laſt day of March 1800.

WM. N. POTTS.

The above Thomas Vaughan, Aſa Combs, Wm. N. Potts, and Jeſſe Williams, ſworn to before me, this 27th day of July, 1800.

ARCHIBALD M'ILVAIN,
Juſtice of Peace.

☞ Obſerve thoſe rings are to be worn on the fingers or the wriſts and the ſmall of the legs, if the ſkin be very dry, it requires to be ſlightly rubbed with a little ſalt butter, on the part they are applied

FOR Sale One hundred and fifty acres of land, One hundred acres of which is in wood—it is ſituated within ſix miles of the Eaſtern Branch ferry. For terms apply to

MICHAEL LOWE.

Prince George county, July 22. 3t1aw

TO COTTON MANUFACTURERS.

THE Subſcriber offers to make the following machinery, and to ſet them to work in any part of the United States.

Carding engines, either ſingle or double, with flat cards or top rollers as may be required, and the cylinders of any length from 20 to 32 inches.

Drawing frames, with as many ſyſtems as ſhall be required—each ſyſtem having three or four heads (according as they are ordered) will draw from 20 to 25lb. of cotton per day

Roving frames, with any number of heads, each having two roving cans, will rove from 20 to 25lb. per day

Water ſpinning frames, of 84 ſpindles; (42 on each ſide) which will ſpin from two to two and a half hanks on each ſpindle per day, the hank being 840 yards in length.

Mules, of from 60 to 216 ſpindles each, which will ſpin by an experienced hand, from one to one and a half hanks per ſpindle, daily.

Twiſting frames, to double and twiſt the yarn into two or three threads, for ſtockings fringes netting tambouring, &c

Looms for weaving any width with the fly ſhuttle, either ſingle or double boxes

Warping mills, either woollen, cotton or linen yarn.

The above machinery will be made and ſet to work in any part of the United States by the ſubſcriber, who has ſerved an apprenticeſhip to the above buſineſs, in Mancheſter, and followed it for twenty two years

Any perſon who may want any of the above machinery, may ſee the ſame kind at work, at his manufactury, Upper Derby, Delaware county, ſeven and a half miles from Philadelphia, where they will receive any ſatiſfaction as to the price, when the ſize and quality of the machinery wanted ſhall be deſcribed; and letters from the country directed to the care of the Editor of the Aurora will be duly attended to.

PETER ELTONHEAD.

Philadelphia July 13†

WASHINGTON

Jockey Club Races,

WILL commence on the ſecond Tueſday in November next, over an excellent courſe, well prepared and incloſed with a poſt and rail fence.

Firſt day— A ſweepſtake of 1600 dolls.

Second day—A purſe of 400 dolls.—4 mile heats.

Third day—A purſe of 200 dolls—3 mile heats

Fourth day—A 50 guinea ſilver cup—to horſes

Fifth day—A handſome City and Town Purſe—Two mile heats

All horſes, mares and geldings, to be entered and run agreeably to the rules of the club, and to carry the following weights;

An aged horſe, 126—a ſix years old 120—a five years old 112—a four years old 100, and a three years old 90 pounds. Three pounds being allowed to fillies, mares and geldings.

The following tolls to be paid at the gate to the clerk of the courſe, M. C. Bailey, or any perſon authoriſed by him to receive the ſame.

Four wheel carriages, 1 Doll. each,
Two wheel do. 50 Cents do.
Every man and horſe 25 Cents.

Booths will be let on application to the ſubſcriber.

It is probable that the 2d & 3rd days purſes will be increaſed—as the ſurplus of the tolls after defraying the expences, &c. will be added to them.

CH. M'LAUGHLIN, Sec. & Tr.

☞ The club will meet at the Union Tavern on the evening preceding the firſt day's race

September 14. eptr

PATENT GUN LOCK.

The ſubſcriber offers for ſale the right of making and uſing Edward Weſt's improvement in Gun Locks, which is conſidered by judges of the utmoſt importance to every perſon uſing fire arms, and more particularly to the army and militia of the United States. There are two very great advantages reſulting from this improvement, the firſt is, that no accident can poſſibly happen by a gun going off at half cock as it has in that ſituation no connection with the dog, conſequently not with the trigger or any other external part of the lock. It cannot poſſibly catch at half cock as there is no notch that the dog can catch on, and the counter dog is ſo placed in the act of cocking, as not to be reſtored but by the cock firſt falling or being let down. The great ſecurity in this improvement ought certainly to recommend it to general uſe, to avoid the innumerable accidents that has and muſt unavoidably happen from the preſent plan, in guns going off at half cock, &c. Application made to Mr Rhodes, city of Waſhington will be communicated and attended to, where I ſhall attend at the ſitting of Congreſs.

THOMAS WEST.

Auguſt 29. 12w3m

FOR SALE.
BY RAPINE CONRAD & CO.

WHEATON'S GENUINE PATENT JAUNDICE BITTERS.

A Medicine extremely uſeful when Jaundice and Billious complaints are ſo prevalent among the citizens of America and the Weſt Indies. They are a uſeful and efficacious medicine for curing jaundicy and bilious diſorders, and removing that ſinking, faint diſtreſſed feeling at the ſtomach, difficulty of breathing loſs of appetite, and ſleepy, dull heavineſs in the fore part of the day, weakneſs and trembling of the limbs, dizzineſs of the head, and yellowneſs of countenance, complaints ſo common to jaundicy and bilious people.

Likewiſe Wheaton's Patent

ITCH OINTMENT;

The only medicine in the world which will certainly cure the Itch, without having in it any thing either dangerous or diſagreeable it being compoſed moſtly of ingredients never before diſcovered or uſed in that diſorder.

Auguſt 8. 1awtf.

WAS committed to the goal of Baltimore county as a run away, on the 3d inſt. a negro man by the name of GEORGE FAIRFAX—he is about 27 years of age, 5 feet 5 inches high dark complection, bow legged, has a ſcar over his right eye, and has loſt two of his upper foreteeth; he has on a country made cotton ſhirt and nankeen trowſers—he ſays he belongs to Mr. Preſtly Wright, living in Weſtmoreland county Virginia, near Cose Carter's mill. If his owner does not releaſe him he will be ſold for his goal fees, according to law.

James Wilson, Sheriff.

September 22. 1awtf

NOTICE.

THE ſubſcriber has applied to the orphans court of Waſhington county in the diſtrict of Columbia, for letters of adminiſtration on the eſtate of Nathan Goodall, late of the city of Waſhington, deceaſed.

ORLANDO COOK.

City of Waſhington—5th September, 1803. 3t

CARPENTER'S TAKE NOTICE.

Thoſe carpenters that are ſubſcribers to the Theatre, have now an opportunity of working out their ſhares—Apply to the ſubſcriber,

GEORGE HADFIELD.

September 7. 3t

NOTICE.

ALL perſons having demands on the firm of Cherry and Donnell, are requeſted to forward their accounts for ſettlement, and all thoſe indebted to the ſaid firm are hereby requeſted to make payment to the ſubſcriber, who is fully authoriſed to ſettle all their accounts.

ROBERT CHERRY.

September 9. 3t

DANCING.

MR NUGENT, heretofore a principal dancer at the Theatres of Philadelphia and Charleſton, reſpectfully informs the public that he intends to teach the art of dancing in the city of Waſhington and George Town. He was regularly bred to that art in France, and has been aſſiſtant to Mr. Second the moſt eminent dancing maſter in the city of Bath. He is recommended by Mr. Francis, ballet maſter of the Philadelphia Theatre and dancing maſter, and by Mr. Quesnet, dancing maſter in Philadelphia. He thinks it neceſſary thus to inſiſt on his qualifications, from having ſeen in various parts of theſe ſtates men pretend to teach dancing who, he believes, never received a leſſon from a dancing maſter. He will commence ſchool in George Town, on Monday the 12th inſt. at Mr. Kitchie's in High ſtreet, where further particulars may be known. Commands from the city of Waſhington directed to him at Mr. Ratcliffe's George town, will be punctually attended to.

Mr. Nugent wiſhes to hire a room convenient for a Dancing School, in the city of Waſhington.

Sept 9. 3t—1aw4t

TO be rented on moderate

terms, either ſeparately or together. Three two ſtory brick dwelling HOUSES in the city of Waſhington, on north E ſtreet, between 9th and 10th ſtreets weſt. They are well calculated for private families; and the whole taken together will anſwer extremely well for the accommodation of boarders, on a large and excellent plan.

Alſo a large frame building back of the above. Perſons willing to rent, will make early application to

T. H. GILLISS
At the Navy Office.

Auguſt 27. w

COMMITTED on the 24th day of July laſt, to the gaol of Prince George county Maryland, a negro man by the name of Richard about five feet one or two inches high, appears to be thirty years old or upwards a dark complexion, has a ſcar on the right ſide of his forehead, and a ſmall ſcar near the left eye, has loſt two or three of his upper teeth—his cloathing an oſnabrig ſhirt, brown roll trowſers, and the crown of an old wool hat, ſays he belongs to general B. Kerſein, near Port Tobacco Charles county, and that he was hired to Mr. O'Brien in the city of Waſhington—his owner is requeſted to releaſe him from gaol or he will be ſold out for his priſon fees as the law directs.

THOMAS MACGILL, ſheriff,
Prince George county Md.

Auguſt 5, 1803. 1aw2m

A CARD

H. O. HEBERT (from Philadelphia) ſolicits the attention of the citizens of Baltimore in general, and invalids in particular, to his "Air Pump Vapour Bath," a machine conſtructed on true philoſophical principles, the efficacy of which in gout, rheumatiſm, palſy, contractions and enlargements of the joints, withered and enlarged limbs, cutaneous and many other diſeaſes, both chronic and acute, can be teſtified by many reſpectable perſons who have had recourſe to it.

This machine comprehends, and combines the application of fomentation and the cupping glaſs, two of the moſt powerful external applications for the removal of diſeaſe, and that on a plan more extenſive than was ever before known.

As many perſons who have never ſeen the apparatus might be deterred from uſing it, either from the reports of prejudiced perſons, or fear, they are reſpectfully aſſured that its application is not attended with either pain or inconvenience.—It poſſeſſes all the good effects of warm bathing, without its attendant conſequences, debility and relaxation; on the contrary, it invigorates and ſtrengthens the whole ſyſtem, but particularly the part to which the machine is applied. Perſons deſirous of further information reſpecting the nature and effects of this machine, will pleaſe to apply to the proprietor, at No. 3, Eaſt ſtreet, near the aſſembly room.

N. B. "The Air Pump Vapour Bath" is particularly adapted for the removal of all obſtructions occaſioned by violent colds which are the forerunners of conſumptions, &c.

Complaints peculiarly incident to females, which too generally baffle the remedies hitherto applied, and to which they frequently fall victims in the prime of life, are readily and effectually removed by the application of this machine.

May 31.
