SELIM.

A GENUINE Arabian HORSE, brought to this country laſt ſummer by captain James Barron, in the United States Frigate Cheſapeak, on her return from the Mediterranean. The ſaid horſe was brought from Egypt by the way of Malta, and from thence to Gibraltar, at which place capt, Barron obtained him from captain Ramſay, of the Queen's Regiment. who intended him for England, but was prevailed on to let him come to this country. He will ſtand the enſuing ſeaſon at my houſe in Dinwiddie county, near the Cut Bank Bridge, on Nottoway River.—The terms will be made known in due time. And whereas doubts may have ariſen with reſpect to his being an Arabian, the ſubſcriber pledges himſelf in caſe it ſhould be made appear otherwiſe than has been ſtated in captain Ramſay's certificate, at any future reaſonable time, to reimburſe the money the ſaid horſe covers at to ſuch gentlemen as think proper to ſend to him. The manner of his coming, and the character who brought him, are in addition to this guarantee, as well as undeniable reſpectable certificates, ſuch teſtimony of his being a genuine Arabian, whatever intereſted or prejudiced minds may advance to the contrary, that an attempt to further proof of this horſe being really Arabian bred, is thought at this time unneceſſary, yet I beg leave to ſubjoin that he is conſidered upon the grounds of being genuine, a great acquiſition by thoſe who are really acquainted with the character of the Arabian horſes.

PROPOSALS

For engraving and printing by subscription, on original work, consisting of two ENGRAVINGS by

JOHN L. BOQUET DE MOISERI,

Deſigner, Drawer, Geographer and Engineer and by him dedicated, by permiſſion to THOMAS JEFFERSON, ESQ. Preſident of the United States.

THE firſt exhibiting a plan of LOUISIANA, the Fortifications, Suburbs, &c. extending from the city of New Orleans, as far as the Bayou of St. John.

The ſecond exhibiting a view of the City of NEW ORLEANS, and of its environs; diſplaying all the principal and moſt remarkable buildings, the Place D'Armes, &c &c. the names of all which buildings and places are explained, by means of alphabetical letters.

Theſe two engravings will repreſent all that is neceſſary to be known, with regard to the plan and view of Louiſiana, the city of New Orleans, its ſuburbs, environs, &c. as far as the Lake Ponchartrain, including the principal and moſt remarkable edifices.

The plan and view were taken from the habitation of Marigny, and extend as far as the plantation of M. Del Or.

The author's reſidence at New Orleans during a number of years, has enabled him to exerciſe his profeſſion of Deſigner and Engraver to the beſt advantage, and he flatters himſelf of preſenting to the citizens of the United States of America, as accurate and complete a plan and view of Louiſiana, and the city of New Orleans, &c as ever can be drawn.

The work for which the patronage of the enlighted citizens of America is now ſolicited, has coſt the author above ſix years aſſiduous and unremitted labor and cloſe application, and he fondly cheriſhes the hope that Americans will extend to him a ſhare of that encouragement they are wont to do on works of merit.

The work being in a conſiderable ſtate of forwardneſs, the author expects it will be ready for delivery in about ſix months hence.

TERMS.

The plan of Louiſiana will be 32 inches high, and 21 inches wide.
