Travellers Hall.

THE subscriber has lately been induced from the rapid increase of his custom to purchase a lot of ground adjoining that on which he lives for the purpose of building a dining room and assembly room, each 54 feet by 32 feet 10 inches with six additional lodging rooms, and intends to finish them before the ensuing winter; which together with his tavern and house will occupy a front of near one hundred feet in the most agreeable part of the town and in the center of business being on the highest part of the public square.

He has considerably increased the furniture &c. of his house and stables. His domestics and servants are of the most faithful dispositions and properly qualified for the departments to which they are assigned. He has a constant supply of the best stable forage; imported and country provisions, imported liquors, &c. of the first quality, foreign newspapers, &c. And his ice will most probably last through the hot weather.

The distinguished preference which the first characters have already given him, fills him with gratitude. He offers his sincere thanks to all his good friends and begs leave to assure them that neither his time nor his purse shall be spared in attempting to render the Travellers Hall a house of entertainment, for GENTEEL GUESTS ONLY, equal to any in America.

N. B. Prizes subject to a deduction of 15 per cent.

This lottery has been authorised by the legislature of Virginia, for the laudable purpose of erecting a seminary of learning in or near the metropolis of this state. With this view, it is contemplated to raise 20,000 dolls. and 2,500 dolls. in addition, for defraying the expences attendant on drawing the lottery. Citizens of the first respectability have been selected as trustees, and they have pledged themselves to use their utmost exertions to carry it into effect. The scheme has the advantage of giving to each adventurer a chance for some very large prizes, whilst the proportion of prizes to blanks, is so great as to invite the friends of the intended institution to partake in the lottery, with very little risque of their becoming losers. The treasurer of the state is to be appointed to receive the money for the tickets as they are sold, and to pay the amount of the prizes to the fortunate adventurers. It is believed that the above considerations will induce a rapid sale of tickets, and the drawing will commence as soon as a sufficient number shall be sold to authorise it——which it is believed will be on the second Monday in December next.

Valuable property FOR SALE,

I WILL sell on reasonable terms the farm on which I reside, containing about 1000 acres of valuable land. The soil is well adapted to wheat, corn and tobacco, and the cedar and locust which puts up in every uncultivated spot will afford a never failing supply of wood and timber. The farm is handsomely situated on the Patuxent river, and commands an elegant and extensive view. Its form is nearly a square, one side of which is bounded by the river, and another by Battle creek which is deep and navigable for the largest vessels employed in the Bay trade, so that the farm may be enclosed at half the labor and expense that would be required by one of equal size that is not so fortunately situated. It is very convenient to the Baltimore, Norfolk and George-Town markets, to either of which places the produce may be safely and expeditiously conveyed in vessels that can lye along side the beach for the purpose of receiving it. The improvements are a new two story dwelling house, not quite finished, containing four commodious rooms and a large passage through the house on each floor and a cellar beneath of the same form and dimensions—An excellent granary, corn house, stables, &c.—The river and creek abound in the different seasons with fish, oysters and wild fowl of the best quality.

The terms of sale may be known by application to

MICHAEL TANEY.
