NOTICE.

DR. BENSON purpoſes returning to England very ſhortly, he therefore requeſts all perſons indebted to him to ſettle their accounts without delay.

The books and accounts are put into the hands of THOMAS HERTY, attorney at law, for collection and ſuit—no indulgence can be given after the 20th inſt.

Waſhington city, Nov 7—3t

50 Dollars Reward.

RANAWAY from the ſubſcriber, on the 20th ult. mulatto JOE. Joe is a ſtout well made dark mulatto fellow, 5 feet 9 or 10 inches high, about 30 years of age—has ſeveral large ſcars on his hands and body, liſps a little. Had on and took with him, a tow linen ſhirt & trowſers, one pair of nankeen trowſers, alſo one old ſurtout coat and old fur hat much worn. Joe can write a tolerable good hand, & has run away before, when he was taken up & put in the Frederick town jail & ſold out by George Creager in 1805. Any perſon taking up ſaid fellow, and ſecuring him in any jail ſo that I get him again, ſhall receive if taken within the county, 20 dollars, and if out of the ſtate the above reward. If brought home all reaſonable charges will be paid by the ſubſcriber living in Frederick county, Md. near New Market.

SINGLETON BURGEE.

N. B. I forewarn all perſons from harboring or carrying off ſaid fellow at their peril.

P. S. Joe ran off in company with a fellow named Adam, and they were both lately advertiſed together; ſince which Adam has been taken and ſecured in the jail of York, (Pa.) Joe went in the ſame direction, and will probably make for Philadelphia, and endeavor to get on board ſome veſſel and go to ſea.

Sept. 12—eptf

On a liberal credit.

THE ſubſcriber will diſpoſe of at private ſale, his eſtate called Chicheſter, lying on the eaſtern branch, immediately oppoſite the city of Waſhington. This tract of land containing 697 acres is laid off in lots from 83 to 144 acres for the convenience of purchaſers. Plats of the eſtate and the terms of ſale are in the hands of colonel Munſon at the navy yard, and Charles Wayman of George Town. The lots will be ſhewn by Mr Wedden, living on the premiſes, near the Eaſtern Branch bridge.

ANTHONY ADDISON.

Barnaby, 12th June 1805—tf

STELLE's HOTEL & *CITY TAVERN.*

THE Subſcriber takes this method of thanking his friends and the public for their favors whilſt on the Capitol Square and begs leave to acquaint them that he has taken the *Spacious Hotel lately erected by Mr. Carroll*, near the Capitol. The hotel being above one hundred feet in front, and containing fifty rooms enables the ſubſcriber to offer every accommodation to members of Congreſs and travellers which can be expected in a public houſe.

PONTIUS D. STELLE.

Waſhington City, March 25—tf

N. B.—P. D. S. will rent the houſe lately occupied by him on the adjoining ſquare.

GEORGE-TOWN, WASHINGTON AND BALTIMORE MAIL STAGES.

THE PUBLIC ARE RESPECTFULLY INFORMED THAT

MYER'S NEW LINE

WILL START FROM

Mr. SEMMES's Tavern, George-Town, and call for paſſengers at RHODES', MYER's and FROST's Hotels, city of Waſhington.

FARE THREE DOLLARS AND A HALF.

October 1—tf

Chocolate in boxes or pounds,
Sugar in barrels,
Cheeſes, &c. with a number of other articles.

JOSEPH CASSIN, & Co.

October 27—2w

The Subſcribers take this method

of requeſting DAVID DUNCAN late Collector of the port of Machinac, to remit them on or before the month of March next the amount of their bond given to the United States, as judgment hath been obtained againſt them on ſaid bond.

ROBERT ABBOTT,
JNO. DODEMEAD.

Detroit November 10—10t

P. MAURO'S

NEW GROCERY AND CROCKERY WARE STORE.

THE Subſcriber reſpectfully informs the Inhabitants of the city of Waſhington that he has lately received from New York and Philadelphia, a large & complete aſſortment of Grocery's, Liquors, Fruits, and Crockery ware,—that he expects with the firſt arrivals from Baltimore, a ſupply of the above articles, and that he has opened ſtore oppoſite the SEVEN BUILDINGS, where he flatters himſelf that he will be able to accommodate his cuſtomers not only with the beſt and choiceſt kind of goods, eſpecially freſh Teas, and Liquors, but on as low terms as elſewhere in this vicinity.

P. MAURO.

P. MAURO, Profeſſor of Muſic, begs the inhabitants of Waſhington and George Town, to accept of his hearty thanks for the encouragement he has been favored with, informing them that he does not intend to decline his profeſſion, but that he ſhall continue as formerly to inſtruct on the Pianno Forte, German Flute, and Guitar.

Waſhington city, November 10—tf

ATTENTION!!.

Thoſe perſons that wiſh to purchaſe the *GENUINE PATENT & FAMILY MEDICINES* OF RICHARD LEE & SON MUST APPLY TO

Mr. Daniel Rapine, Capitol Hill, Washington, & Dr. N. Magruder, George Town.

"An ounce of prevention is worth pounds of cure."

For the prevention and cure of Billious and Malignant Fevers, is recommended

Lee's Anti-Billious Pills,

Prepared by Richard Lee & Son, Baltimore.

THIS medicine has, for eight years paſt been attended with a degree of ſucceſs highly grateful to the inventor's feelings, in ſeveral parts of the Weſt Indies, and the ſouthern part of the U. States, particularly in Baltimore, Peterſburg, Richmond, Norfolk, Edenton, Wilmington, Charleſton and Savannah. The teſtimony of a number of perſons in each of the above places has been adduced, who have reaſon to believe that a timely uſe of this ſalutary remedy has, under Providence, preſerved their lives when in the moſt alarming circumſtances.

Facts of this concluſive nature, ſpeak more in favor of a medicine than columns of pompous eulogy, founded on mere aſſertion.

It is not indeed preſumptuouſly propoſed as an infallible cure, but the inventor has every poſſible reaſon that can reſult from extenſive experience, for believing that a doſe of theſe pills taken once every two weeks, during the prevalence of our bilious fevers, will prove an infallible preventative; & further, that in the early ſtages of thoſe diſorders, their uſe will very generally ſucceed in reſtoring health, and frequently in caſes eſteemed deſperate, and beyond the power of common remedies.

The operation of theſe pills is perfectly mild, ſo as to uſed with ſafety by perſons in every ſituation, and of every age.

They are excellently adapted to carry off ſuperfluous bile, and prevent its morbid ſecretions—to reſtore and amend the appetite—produce a free perſpiration, and thereby prevent colds, which are often of fatal conſequences; a doſe never fails to remove a cold, if taken on its firſt appearance. They are celebrated for removing habitual coſtiveneſs—ſickneſs at the ſtomach and ſevere head ache—and ought to be taken by all perſons on a change of climate.

They have been found remarkably efficacious in preventing and curing diſorders attendant on long voyages and ſhould be procured and carefully preſerved for uſe by every ſeaman.

Lee's Infallible Fever and Ague Drops,

For the cure of Agues, Remittent and Intermittent fevers.

Thouſands can teſtify of their being cured by theſe drops, after the bark and every other medicine have proved ineffectual. Not one in a hundred has had occaſion to take more than one, and numbers not half a bottle.

Theſe drops are particularly recommended to the inhabitants of low marſhy countries, where the worſt ſort of agues generally prevail; which, unleſs early attended to, and ſpeedily removed, injure the conſtitution exceedingly, bring on dropſies, putrid fevers, and a variety of complaints of the moſt dangerous and alarming nature. Many other medicines are daily offered to the public for the cure of this diſorder, which, upon trial, have been found either dangerous or uſeleſs. The bark is the uſual remedy made uſe of but being a very nauſeous medicine, and ſeldom taken in ſufficient quantity, it very often fails; children and thoſe who have weak ſtomachs, are frequently loſt for want of a more eaſy and pleaſant remedy.

Sovereign Ointment for the Itch.

A preparation which for pleaſantneſs, eaſe, ſafety, and expedition, gives place to no application whatever; free from mercury, or any pernicious ingredient.

Lee's Worm Destroying Lozenges.

Which have within ſeven years paſt cured upwards of one hundred thouſand perſons of both ſexes, of every age and in every ſituation, of various dangerous complaints ariſing from worms and from obſtructions or foulneſs in the ſtomach and bowels—they are perfectly ſafe and pleaſant, and may be given to the youngeſt infant or the moſt delicate pregnant lady with propriety.

Lee's Genuine Eye Water.

A ſovereign remedy for all diſeaſes of the eyes, whether the effect of natural weakneſs or of accident.

Tooth Ache Drops.

The only remedy yet diſcovered which gives immediate and laſting relief in the moſt ſevere inſtances.

Genuine Persian Lotion,

So celebrated among the faſhionable throughout Europe, as an invaluable coſmetic, perfectly innocent and free from corroſive and repellent minerals, (the baſis of other lotions) and unparalleled efficacy in preventing and removing blemiſhes of every kind, particularly freckles, pimples, inflammatory redneſs, ſcurfs, tetters, ring worms, ſun-burns, prickly heat, premature wrinkles, &c.

Lee's Genuine Essence and Extract of Mustard.

A ſafe and effectual remedy for Acute Chronic Rheumatiſm, Gout, Palſy, Lumbago, Numbneſs, White Swellings, Chilblains Sprains, Bruiſes, Pains in the face and neck &c.

The Anodyne Elixer,

For the cure of every kind of Head-Ache.

Lee's Damask Lip Salve,

Is recommended (particularly to the Ladies) as an elegant and pleaſant preparation for chopped and ſore lips, and every blemiſh and inconvenience occaſioned by colds, fevers, &c. ſpeedily reſtoring a beautiful roſy color and delicate ſoftneſs to the lips.

Restorative Powder for the Teeth and Gums.

Lee's genuine Corn Plaister.

An infallible remedy for ſpeedily removing Corns, Root and Branch, without giving pain.

Indian Vegetable Specific,

For the cure of Venereal Complaints.

It will be prudent in all who eſtimate the value of health, to obſerve that each of the above articles have the ſignature of Richard Lee & Son, on the outſide wrappers, without which none are genuine.

☞ Letters directed for Richard Lee & Son, No 17, Market ſtreet, Baltimore, will be punctually attended to.

October 20—6w

Patent Threſhing Machine.

I HAVE invented a machine for threſhing all kinds of Grain contained in ſtraw ſtem or chaff, particularly wheat, this machine has been found on fair trial to anſwer compleatly the purpoſe for which it was intended. Farmers now have it in their power to get out their grain with expedition, free of dirt white caps or loſs. This machine is conſtructed on entire new principles; its operation is by flails encircled by a cylinder moved upon friction wheels, and can be regulated at pleaſure, to threſh the grain more or leſs, as the dampneſs, dryneſs, or particular kinds of grain may require it. It will be found upon examining the principles on which this machine is conſtructed, that it will be the fault of the poſſeſſor if any grain paſſes unthreſhed; it ſeparates the grain from the ſtraw and chaff, as it threſhes alſo the chaff from the ſtraw; the conſtruction is by no means complicated—not liable to get out of order, and not expenſive to erect. It has been found by fair experiment the power of four ſmall mules or two good horſes, are ſufficient to threſh and clean one hundred buſhels per day with great eaſe. Thoſe on extenſive farms who wiſh more grain threſhed per day may obtain any quantity they wiſh, by making the machine larger, and applying more power. If farmers only knew the exceſſive loſs they ſuſtain in getting out their grain in the mode heretofore uſed, nothing more would be neceſſary to bring my machine into general uſe. Thoſe who have ſmall ſtreams on their farms will find they may ſet the machine going by water at a ſmall expence, by a ſmall tub wheel. To thoſe who are acquainted with the gentlemen whoſe certificates I annex, nothing need be ſaid; thoſe who are not, will find, on enquiry, for intelligence and reſpectability they have few ſuperiors. My price for the privilege of uſing my machine, is fifty dollars. I will diſpoſe of my privilege for counties or ſtates to thoſe who wiſh to purchaſe on liberal terms. Letters addreſſed to me poſt paid, at Dumfries, Virginia, will be duly attended to.

JAMES DENEALE.

Dumfries, 22d Sept. 1806.

NO. I.

I do hereby certify, that I have a threſhing machine erected on the plan invented by Mr James Deneale, of Dumfries, which exceeds my expectation. A great number of my neighbors who have ſeen it work, think it does not leave one grain in ten thouſand unthreſhed; it ſeparates the ſtraw and chaff from the wheat as it threſhes.

It poſſeſſes many advantages over machines on the Scotch principle, as they will threſh none but what goes in with the ear firſt; ſo that all tangled wheat is not much more than half threſhed. Mr. Deneale's machine threſhes tangled wheat or ſheaves put in butt firſt perfectly clean.

In very dry weather Scotch machines ſcutch off a great number of heads, a great many of which the utmoſt care cannot prevent being carried off by the ſtraw; the very ears without ſtraw are perfectly clean threſhed by Mr. Deneale's. Scotch machines, take nearly double power to work them. I ſpeak the above from experience; as I had a machine on the Scotch principle, which from the above faults I had not uſed for ſeveral years, and have now pulled it down.

Mr. Deneale's machine will threſh from 70 to 100 buſhels per day, four ſmall mules or two good horſes will work it with great eaſe, and I am convinced from the ſlow pace they go that two oxen would work it.

Although my machine (which was the firſt erected in this part of the ſtate) has been built but a few months, it is ſo well approved of that a great many more are either built or now building on the ſame conſtruction.

It will be ſhewn in operation to any gentlemen calling on the ſubſcriber, at Beverley's Ford, Fauquier county, Virg.

STEPHEN MILBURN.

September 5, 1806.

NO. II.

I have ſeveral years known Mr. Milburn, who has given the within certificate—he is a ſenſible, judicious, practical farmer, and a man of good character. He is a native of the county of Northumberland, in the kingdom of G. Britain, and has been a ſucceſsful farmer in this country. I think that great confidence is to be placed in what he ſays.

DANIEL C. BRENT.

September 13, 1806.

NO. III.

I have had erected on my plantation a Threſhing Machine upon the model invented by Mr. Deneale, of Dumfries; this machine ſeparates the wheat from the ſtraw more completely than it can be done by treading in the uſual way with horſes, and it will, I am perſuaded, clean from 90 to 100 buſhels per day. I find that four mules will turn the machinery with eaſe.

WILLIAM CHAMPE CARTER.

Culpepper, 5th Sept. 1806.

NO. IV.

Induced by motives of public good, I wiſh to make known, that in company with ſome of my neighbors, we viewed on the eſtate of Wm. Champe Carter, eſq. Mr. Deneale's new invented Patent Threſhing Machine, performed by Mr. Weſt, a moſt maſterly, beautiful piece of mechaniſm. Notwithſtanding the ſtraw was damp and the negro ſlaver that worked it, awkward, yet on a fair trial it beat out and cleaned upwards of four buſhels and a half in half an hour; we carefully examined the ſtraw, which was ſo entirely cleaned of wheat that therein we did not find more than four or five grains. Therefore, on the whole, I do not heſitate to pronounce it, in my judgement, the moſt complete and moſt uſeful thing of the kind which human wiſdom has yet invented.

JOHN STRODE.

Culpepper, 29th Auguſt, 1806.

NO. V.

Since the date of the above, the manager of the eſtate of Wm. Champe Carter, eſq. Mr. Reuben Beazeley, a man of good character and reſpectability, who has had the conducting of the aforeſaid machine, has made the following affidavit.

JOHN STRODE.

CULPEPPER COUNTY TO WIT:

This day perſonally appeared before me, Mr. Reuben Beazeley, and made oath, that the wheat machine, commonly called Deneale's Patent Threſhing machine, under his care and direction, on the eſtate of Wm. Champe Carter, eſq as the hands begin to underſtand it more gets out wheat faſter than at the beginning; and has on fair trial lately cleaned from the ſtraw in the ſpace of half an hour more than ſix buſhels of wheat, and believes it would continue to do that much as long as the four mules that work it could remain at that ſervice, until taken out to give them food and water. Certified under my hand this 12th day of September, 1806.

JOHN STRODE.

IRON WORKS, FOR SALE.

THE Subſcriber is duly empowered to contract for the ſale of a handſome ſcite for Iron Works, and eight thouſand acres of Land adjoining, lying on the river Rappahannock, about nine miles above Fredericksburg. The ſcite for the works embraces a ſmall ſtream with 60 feet fall of water, within 500 yards of its confluence with the river, and immediately above commences the moſt advantageous ſeat for water works, of different kinds, commanding the whole ſource of the river Rappahannock, by a natural canal of about 800 yards in length, into which the whole force of the river may be turned with little expence. There has been a furnace and other works formerly erected here, and the ore found equal and abundant to any in the country, and it has been ſeveral times tried by good judges. The title is indiſputable, and a great bargain may by had. The ſubſcriber will at any time attend thoſe inclined to view the premiſes, and can ſhew the lands, and ſcite for the works, by an accurate ſurvey he now has, on application to him at Dumfries, Virginia.

JAMES DENEALE.

September 29—6twam

FOR SALE,

ON the firſt day of December will be offered for ſale at the late dwelling houſe of Richard Sprigg deceaſed near Upper Marlborough in Prince Georges county, a number of valuable Slaves, Men, Women and Children.

The ſale will commence at 11 o'clock in the forenoon if fair, if not the next fair day and to continue from day to day until the number contemplated is ſold. The terms of ſale are nine months credit on the purchaſer's giving bond with approved ſecurity bearing intereſt from the date.

A deduction will be made on the day of ſale for caſh.

November 3—wt1D
