THE Greenbrier

WHITE SULPHUR SPRINGS
West Virginia

Society's Most Famous Resort for Over a Century

The restful, social charm of this great "country house," combined with GOLF, on 18-hole championship links, and the medicinal waters and baths, scientifically applied to individual needs at White Sulphur Springs Medical Institute, offers renewed energy—mental and physical. Alluring mountain trails to explore on foot or in saddle. Winter days are clear, invigorating days of sunshine, and best for the "cure."

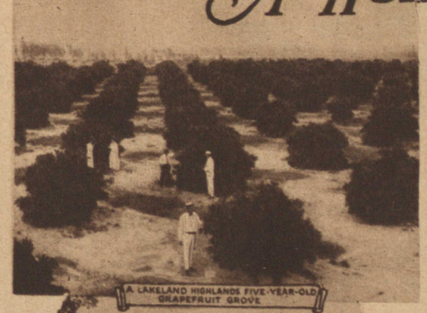
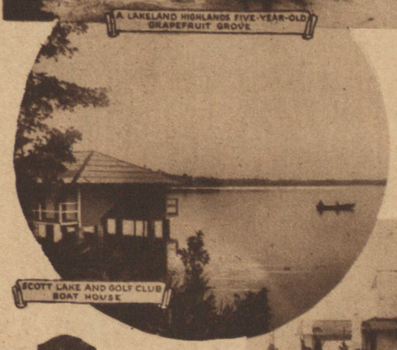
A Home and an Income in Lakeland Highlands FLORIDA



A LAKELAND HIGHLANDS FIVE-YEAR-OLD GRAPEFRUIT GROVE



SCOTT LAKE AND GOLF CLUB BOAT HOUSE

COUNTRY CLUB LAKELAND HIGHLANDS

What could be more appealing than to own a home nestled in an acreage of beautiful Florida land that insures you an income for your entire life—**your** home, **your** land, and the joyous freedom of all outdoors in an eternal summerland?

At Lakeland Highlands there is offered the opportunity to engage in one of the most desirable of industries in the very heart of that industry's greatest fertility—the grovelands of central Florida.

The demand for grape-fruit is out of all proportion to the production, particularly the Polk County variety, which you probably have tasted in the leading hotels and dining cars from coast to coast.

For complete and detailed information regarding the wonderful living conditions and investment possibilities in a 10-acre grape-fruit grove, send for illustrated booklet No. 14. This booklet may solve your living problem.
