THEOCRACY

(Published by the New Life Publishing House.
London Agents: FOYLE & Co., Charing Cross Road, W.C.2.)

1.

THEOCRACY MAINTAINS that the life and administration of Christian countries should be based on Christian principles.

2.

ITS PIONEERS recognize that a return to God and a Christian Order of life is the only permanent remedy for the many problems that confront mankind to-day.

3.

THEY FEEL that the compromise created by professing Christians participating in the ideas and methods of the present World-order is not justifiable; and that instead of endeavouring only to improve existing conditions every true Christian should work for a Theocratic Order of society wherein all is subject to the Divine Will and Purpose as revealed by Christ.

4.

THEY SOUND a Clarion Call for vital discipleship, freedom from war, social justice and plenty for all: they work towards the formation of an International Fellowship in which fraternal love and mutual helpfulness are reigning and Christ is enthroned as King.

Those interested are invited to write to the Local Secretary, ~~10, Kemplay Road, N.W.3.~~ They will then receive an Invitation Card for any Public Gatherings held in their district.
