"Dance." Jan. 1939.

JUST PUBLISHED

A dancer's vivid story of her exacting art...

Only a woman who herself has mastered the difficult art of the ballet could write so understandingly of the gay and tragic men and women who have made its history. The whole dramatic world of the dance unfolds through her stories of Elssler, Fokine, Nijinsky, Pavlova, Duncan, La Argentina, Kurt Jooss and many others—all of whom she has studied, and some with whom she has worked.
