Over Here!

Words and Music by Ben Black.

Intro.

George Cohen wrote a song & called it over there it made an awful hit here & every where its

got a classy swing & you can not help but sing over there day where every where

where — I thought a song just like it surely ought to go, so I wrote this one my-

self with just a chance or so — it did'nt take me long & its just as good a song as over there

Chorus

get the air its a Bear — over Here over Here wheat-less

days meat-less days over Here — what with Hoover-izing & e-con-o

mizing, we're having lots of fun over Here over Here — in a

Year — ~~[illegible]~~ days Bear-less days over Here — for Jin setting thin &

cheer-less

frail eat-ing ten-der-loin of whale I'd rat-ber be over Here than over Here
