Marching on Berlin Town

March tempo.

Did you think us fooling, Bill When we warned you to keep still

Slow to start, but when we do, We never quit till we get through

We've got millions over there, Ten more millions we can spare

MARCHING ON BERLIN TOWN.

12th Mus.

Did you think us fooling, Bill?
When we warned you to keep still;
Slow to start, but when we do
We never quit 'till we get through.
We've got millions over there,
Ten more millions we can spare;
Strong on land and fast in air
Where will you be when we get there?

Chorus

We're marching on our way to Berlin town
Where they say old Kaiser Bill hangs round
We'll call on Hin - den -berg and Old Von Gluck
They'll know we're there to call their bluff.
We'll tell them what our Uncle Sammie says
For Bill to beat it quick.
So pack up everything you own Bill
Uncle Sam means what he says.

2nd Verse

England, France and Italy
Are united you can see,
Uncle Sammie you'll agree
Adds somewhat to that fam-i-ly.
He'll have submarines to spare
And he'll sure take up your dare.
Youre done for Bill, so pay your share
To little Belgium over there.
