I Verse — There's cheering in the Air
There's welcome everywhere
Our Boys are coming Back to God's Own Nation
Their sweathearts, wives & brothers
And not forgetting Mothers
Are waiting with with the rest down at the Station
This cruel war is o'er, and we hope they'll be no more
But it showed just what our yankee boys can do
For they surely won the Day, those lads from U.S.A
And every body knows that this is true —

Chorus — For we're Glad to See Our Soldiers Home Again
Back across the dear old raging Main
For the dear ones dead & gone
We'll pray both night & morn
And hope we all will meet in God's Domain
For they surely won the fight, For freedom & for right
And freed the poor oppressed from care & pain
So — Everybody here — Give up a Rousing Cheer
For we're Glad to see Our Soldiers Home Again

II Verse — All Huns we will ignore
And keep them from our shore
For their not fit to be with Peaceful People
The allies, their allright
They for know how to fight,
But when our Boys got there it made the Cheerful
Their thoughts were all for you, And the old Red, White & Blue
And with them was our Glory on the Moon
And we who stayed at Home, Our thoughts did
always roam —
To the Boys were Glad to see Back Home Again

Chorus — Same
