Nr. 3.—Carl Fischer, New York.

all Americans proud and true, we love our flag and Wilson, too Humanity calls

let's fight with a vim, God will protect us Just have faith in Him

Chorus:

We're proud of our nation, We're proud of our flag So

whatever your station Don't let your courage lag. Our forefathers

fought and bled for you, They were the men that gave you freedom, too, So a-wake A-

merica, Prepare for the fray, Don't wait for to-mor-row, En-

list boys, to-day

Second Verse:

The call has come, let's get in line

Prepare for the battle, be ready in time;

Let us fight for freedom and peace — to all the world.

Wave Old Glory in Humanity's name,

And fight for justice not glory or fame,

Peace to the World! let that be our cry —

For peace let us fight, for peace let us die.
