We Greet You, General Pershing!

Song

by Roman Singer

Tempo di Marcia

Voice

The nation sent you over, And gave you men and gun, You gave them all a father's care, To each and ev-ry-one, — you kept them in good or-der, And it did not take you long, — To send the enemy right back. To the place where they belong. —

Chorus:

We greet you General Pershing, We greet you ev-ry-one; You have been our greatest hero, Since our great war be-gun; Your name goes to history, Where an honored name should be, It took a man like you, to dare and do, In our fight for tam temocra-cy. — We. cy. —
