"Take Me Back To America And Mother!" By Grace Franklin.

1

Oh,mother dear,dry up those tears!to Old Glory we must be true! (your
Just think of the joy that you have aboy that is fighting for America and
Promise you'll be a real real soldier!pray that we will win the battle
through!

Promise that you'll smile when things go wrong--
When I'm fighting for America and YOU!

2

In this great fight to make things right,mothers they must be heroes toda
Some must give their sons; an yes,must be done!tis the great price of our
freedom that we pay!
All we want is the cheers of mothers--and we'll bring back the Red.White,
and Blue!

With a great big smile greet all the while--
When I'm fighting for America and YOU!

CHORUS.

To fight for a country like the U.S.A.
For a grander cause there is no other!
All I ask if I fall on the battle line--
Take me back to America and mother.
