To the Folks at Home

Words by A. Ashew

Music by R. A. Browne

Marcia

mf

We know your hearts are with us from all our cozy home; we'll stem the tide dis-

mf

honest caused by the German drums We think of you true hearted tho thoughtless were be-

fore Nor knew until we parted what love you had in store

Good by, we'll not forget you our rights we'll fight to save;
And Death shall come and find us, rather than we be slaves;
With confidence we'll meet them; they all know what that means
Will check the German Kaiser and his romantic dreams

Chorus

To the folks at home To the folks at home we will think of you a
Where-ever we roam

mf

cross the foam and our hearts they will be glad thought of you will banish sad
It fills our hearts with gladness It banishes all sadness

sad To the old folks at home
yes Thinking of you at home
