"We'll Fight For You, Dear Uncle Sam" By Nathan Adelson.

The German plots they are all known!
The German crimes they must atone!
America will stand no more!
And so we've entered in the War!
Theboys in khaki and in blue
Will do good work U.S. for you!
And this is what they'll loudly sing
As there in France the cannons ring:

CHORUS.

We'll fight for you, dear Uncle Sam!
We'll fight, yes, right to the last man!
What you say we'll obey
In the struggle for Democracy!
So don't you worry--U.S.A.--
This war will end ere many days!
And then the whole wide world will say:
"Congratulations to the U.S.A."

The Germans tried our ships to sink!
But we showed them what we did think!
Our boys they're over there, in France;
For our defense they take the chance!
The spirit of our liberty
Has been around in all, you see;
And this is what these boys will sing;
As on the sea the big guns ring:
