Guido Polo.

1

Oh, Kaiser Bill, and have you still the hopes to get us now?
You've tried your best, from East to West, but you are wond'ring now!
The Yankee boys they came, to end your little game,
  Because they're from the Land of Liberty;
They've come to put a stop--they're going o'er the top--
  To win for us the great world victory.

CHORUS.

We're going to get you, Kaiser, if it takes us years to do;
There's millions of us Yankee Boys, and we will sure get YOU!
You hungered for this nation, so that you could boss us, too;
But we're going to get you, Kaiser!! yes, we're going to get YOU!

2

Oh, Kaiser Bill, you lost your will, and now your game is done,
We're on the way, and, now some day, it wont take long to come;
You had your dirty way and now you'll have to pay,
  We know your aim was just to get us, too;
But our brave Yankee boys, will make you change your choice,
  Because we're surely coming after you.
