"America Must Win!" Ella Myers Gasber.

1

America, home of the true, and brave we are all proud of you,
Our boys have gone across the sea, to battle for Humanity,
Our Fathers fought to make us free, they bled and died for Liberty,
And we will help the Allies win, we'll plant the Flag in old Berlin.

2

And when this conflict's at an end, then we wil praise our gallant men,
That come back from across the sea for Peace, sweet Peace and Liberty;
And for the brave deeds that they've done, yes, each and ev'ry mother's son
We want the world to understand, that Freedom came through Uncle Sam.

CHORUS.

America must win! America must win!
The Yankee boys must take Berlin,
Then our Stars and Stripes shall forever wave,
O'er Germany and the Kaiser's grave;
And all the Nations shall befree,
To join in praise of Liberty,
And of the Brotherhood of man,
Through dear old, grand old Uncle Sam!!!
