"THE U. S. A."

Words and Music by HENRY CHAMPNESS

1st verse

15796 MAY -2 1917

Martial music, soldiers everywhere
On their way to fight
Yankee boys who go to do and dare
For a cause that's right
Uncle Sam has stood for lots of things
Did not even frown
At last he's sore, look out for war,
Hear the bugle sound:

CHORUS:

Those boys in blue and Khaki too
Are on their way to war
Their cause is just, if fight they must
You'll find them to the fore.
The honor of our Nation
Must be upheld to-day
The same as when the Spirit of '76
Made the U.S.A.

U.S.A. 2d verse

Uncle Sam, he represents the land
That welcomes everyone
No matter what their creed or clan
Whatever they have done.
Gives each one a chance the top to gain
If their hearts are true
The flag that's proved the friend of all
Is the old Red, White and Blue.
