"Peace on Earth Good Will to Men"

Joyously

Mus. by Daniel, Wm. Francis

The sound of war — We'll hear no more — The lasting peace has come — No Cannons
Fly dove of love — fair dove of peace — Fly forth His word to bear — Oh do not

glare no trumpets blare — Nor e'en the martial drum Will
Pause In this great cause — But bring in — to His care All

mark a gain an army — tread Nor fill fair fields with count-less dead Once.
those who would need feel His hand All they who need hear his command — Take.

Dolce.

more The Voice of Him hath said Peace on earth good will to and men —
forth His word to every land " " " " " " " "
