We are the Boys of the N. S. A.

Words by S. Guggenheim Music by John Fisher

1.) Come Boys join the Army of freedom,
Come along and be with the crowd.
Show those, who wish to destroy you;
"That you dare and not care
'till the victory is there;"
for we are the Boys of the N. S. A.
and sure we are there with the goods:
"We are there with the health and
there with the wealth,
and with brains and with muscles too.
Yes, we are the Boys of the N. S. A.,
and that's what we all will say:
"Let us start on our way,
to get in the fray
and with pepp and a Knockout too

2.) We land soon in France to battle,
And to win and to do our bit,
We are their hope and their rescue,
so let us fight as heroes do for
the Red, White, Blue.
for we are the Boys of the N. S. A.
and sure we are there with the goods:
We are there with the health and
there with the wealth,
And with brains and with Muscles two;
Yes we are the Boys of the N. S. A.,
And that's what we all will say:
"Let us start on our way,
to get in the fray
And with pepp and a Knockout too.
