(1)

don't Forget that France is your Mother.
And don't Forget of all she's done for you
When our Country was But a Baby.
How she Fought For the red white and Blue
Then when they tried to take away your Freedom
like an Angle down to your side she Flew
And said Let me always Be your Mother
For then No Harm shall ever Come to you.

Chorus

Lets All go Back and Fight For Mother.
Although she's Many Miles away.
Lets all Go Back and show we love her
like a good son its her Call we should OBay.
For she has Fought and won Your greatist Battles.
that has made you the Man you are to day.
Now let Now Other Nation Say.
They can take her life Away
God knows she is the Mother of the U. S. A.
