Now Germany you'd better beware
We're ten million strong and more to spare
And we're coming across to save from loss
The peace of the world from your ruthless hand.
So down with the Hun, the fight has begun
And we'll let up when Victory's won
And our reward shall be the Nations' Liberty
And we'll save the world for Democracy.

2nd Chorus

We're the boys from Oklahoma
We're the boys from Tennessee
We're the boys of all the U. S. A.
From Maine to the Western Sea
And with joy we'll surely meet you
In this dear land of the free
When our work is done of finishing the Hun
For the Cause of Liberty!
