The War Echo

Music by Geo. Jagou

Arranged by Thos de Cosma

In the Ga-la-xy of national flags In the co-lors of the world there's one that strikes the vision first Old Glo-ry when un-furled It ex-cites the ad-mi-ra-tion of the peo-ple of the earth And will bring e-man-ci-pa-tion For li-berty gave it birth

Chorus

Then hoist up the stars and stripes And see it always wave It's the em-blem of a na-tion That gave free-dom to the slave It will fol-low lo-yal pa-triots From the fire side to the grave It will lead the march of na-tions un-furl it let it wave.

2d Verse

The triumph of a lofty cause
The emblem of the free
The flag that make the world go round
And despots bend the knee
The banner that will shelter right
Defend the weak and just
And float when traitrous flags
Are trailing in the dust

3d Verse

Our Uncle Sam's an honest man
A patient one and just
But woe to treacherous nations
That abuse his faith and trust;
When he's moved to might and action
And he lifts his hand to strike
There'll be fire in his flashes
And his foe will want to hike

Chorus

Then hoist up the stars and stripes
And see it always wave
It's the emblem of a nation
That gave freedom to the slave
It will follow loyal patriots
From the fire side to the grave
It will lead the march of nations
Unfurl it. Let it wave.
