GIVE - GIVE - ALL THE TIME.

There's war in the air, there's war everywhere,
In eyes in hearts in souls,
We who can give, must give while we live,
To win our countries goal.
Fighting is naught, Its waiting that's brought ,
Sorrow to a million hearts,
To ease up the pain, Bring sunshine after rain,
Give, Give, Give.

So:

Give when you can, and give all you can,
And give, give, all the time.
Your dollar's worth while, when its brought a smile,
To some poor devil fighting over there,
Don't chant a hard luck story,
Say something that's worth while,
Don't pray for peace and glory,
But, pitch right in with style, And
Give when you can, and give all you can ,
And give, give, all the time.

There's millions at stake, Its all make or break,
We've got to win this war.
They who can fight, will fight with all their might,
'Till Germany cries no more.
We here at home, must neither cry or moan,
As grief or sorrow comes our way,
But offer our help, and gladly day by day,
Give, Give Give.

So:

Give when you can, and give all you can,
And give, give, al the time.
Your dollar's worth while, when its brought a smile
To some poor devil fighting over there,
Don't chant a hard luck story,
Say something that's worth while,
Don't pray for peace and glory,
But pitch right in with style, And;
Give when you can, and give all you can,
And give, give all the time.
