

The Travelers' Official Guide.

PUBLISHED MONTHLY UNDER THE AUSPICES OF THE GENERAL PASSENGER AND TICKET AGENTS' ASSOCIATION, AND IS THE ONLY OFFICIALLY RECOGNIZED RAILWAY GUIDE.

The time-tables published in its columns are compiled directly from the official time-tables which are used by the employes, and from information furnished by the officers in charge of Time-table Departments of the several roads.

An invaluable advertising medium, especially for dealers in railway supplies, the book being a manual of reference on the desk of every railway official.

One page in the book is devoted to "explanations of the manner of using the OFFICIAL GUIDE." For the benefit of foreigners traveling in this country a translation of the "explanations" is given in the French, Spanish, and German languages.

A large number of fine maps, showing the lines of the several roads, embellish its pages, and a "general map" of the whole country is bound with it. The map is corrected up to the date of each issue, and is believed to be the most accurate map of the kind published. The stop-over privileges on each road are given in full, as well as the most perfect list published of railway officials. This book is the standard of the Quartermaster General's Department of the United States Government for all railway information.
