

Gilbert will be disastrous to the best interests of our city and county. It is not necessary in this appeal to you to go into details. The election of Gilbert will be construed throughout the state as an endorsement of John N. Reynolds, who has done so much to injure our community. Other cities are enjoying an era of prosperity which can be attributed to the united efforts of their citizens. The prosperity of this city and county means the prosperity of each individual citizen thereof.

We earnestly appeal to you to stop and consider before you cast your vote for a man whose election can serve no purpose but to depress business, discourage those who would build up our city, and otherwise demoralize society.
