The inscription on the tombstone states there were eight children,
viz: five sons and three daughters.

* * * * *

In the will only five are mentioned, viz: two sons and three daughters;
it is therefore inferred that the other three sons either died during
minority or without families.

MARIA CATHARINE married John Smith.

Their descendants moved to the Wyoming Valley where some of
them still reside.

SUSANNA married Frederick Gerhart.

They resided in the vicinity of the Host Church, and their descend-
ants are still to be found in that neighborhood, and are among the most
esteemed citizens of that section.
