The Family Records of BENJAMIN'S (2) six sons appear in our Third Generation, quite full, though not complete.

Of the twenty-one families of the Fourth Generation, bearing the name of Fuller, only seventeen appear on our records, while in the Fifth Generation, of fifty families, only twenty families show on our records, and some of these quite imperfectly, and only four persons of the fifth generation had fixed residence in Lebanon, Conn., the early chosen heritage of this line of Fullers, forty of whom were born in said Lebanon, and whose entire number in the fifth generation were several hundreds.
