

MANCHESTER, N. H.,

Is the fifty-fifth city in population in the United States, according to the last census,—larger than any other two cities in New Hampshire. It is fifty-two miles from Boston, and is devoted to manufacturing. Its corporations employ nine thousand persons and have a monthly pay-roll of THREE HUNDRED AND ELEVEN THOUSAND DOLLARS. They use every year twenty-six thousand one hundred tons of coal, eight thousand cords of wood, and about thirty million feet of gas. The mills have about three hundred thousand spindles and make *one hundred and forty-three miles of cloth a day*. The Manchester Locomotive Works can turn out fourteen locomotives a month, and the Amoskeag Manufacturing Company fifty steam fire-engines a year.

THE TWO LEADING NEWSPAPERS IN MANCHESTER ARE THE

Mirror and Farmer,

PUBLISHED WEEKLY,

AND THE

Mirror and American,

PUBLISHED DAILY.

JOHN B. CLARKE.....EDITOR AND PROPRIETOR.

THE FARMER is an eight-page paper of forty-eight columns, published every Saturday, and is the only agricultural paper published in the State. It is, in fact, two papers in one, a Farming paper and a News paper, employing a large number of correspondents.

Its circulation is greater than that of all the other nine weekly papers published in Hillsborough County combined, and **no week during 1875 was there issued less than 13,080 copies**. It reaches, by clubs of from ten to five hundred, all the towns, villages and cities of the State, and goes largely into Vermont, and to some extent into all the other States.

It is a perfect medium for advertising in New Hampshire, and its rates are very low, being *about three-fourths of a cent a line for every thousand circulation*.

Read the Following from "Croffutt's Western World."

Croffutt's Western World, published in New York, by George A. Croffutt, whose prospectus appeared in our columns a few weeks since, to which we called attention, advising our readers to send for a copy, says:

"Thanks, friend Clarke. Your readers *have* sent for them, to the number of nearly a thousand; and I am only doing your paper justice when I say the little advertisement that appeared in its columns did me *more* good than the same in *sixteen* other newspapers *claiming* a circulation of over 1,200,000 copies combined—more good, I say, than *all the rest together*. When I advertise, the MIRROR will be my *first* choice."
