TRINIDAD, COLORADO.

A WEEKLY DEVOTED TO HOME INTERESTS AND THE MATERIAL IMPROVEMENT OF LAS ANIMAS COUNTY.

Believing that a newspaper should keep pace with and move in the van of the growth and improvement of a new section of country, the publishers of the ENTERPRISE AND CHRONICLE have during the past year enlarged their paper to a thirty-two-column sheet, 26x40 inches, and by this means have awakened in the advertising world a larger degree of interest in their publication, while at the same time they are enabled to place before their subscribers almost doubled the amount of reading matter contained in a six-column sheet.

WE INVITE ATTENTION TO THE COAL FIELDS OF TRINIDAD. THE RICH MINERAL DEPOSITS OF SOUTHERN COLORADO,

Well known to men of capital and enterprise throughout the United States and Europe, still remains one of the chief inducements to emigration to our young Territory (soon to become a State), and the ENTERPRISE AND CHRONICLE has ever been strenuously laboring to bring into a deserved prominence the rich mineral and most excellent coal, as well as the agricultural and pastoral advantages of Las Animas county.

The Population of this section of country is increasing with wonderful rapidity, and our paper is fast becoming a popular advertising medium, and subscriptions are pouring in from all quarters with countless letters of inquiry, awakened by the publication of facts concerning Trinidad in the columns of the ENTERPRISE AND CHRONICLE. Those desiring to emigrate or to advertise in this region will do well to send for sample copies of our paper, subscribe for it, and keep posted as regards this locality. Address
